country.

For one hundred and five years and twenty eight parliaments, one capitalist regime after another has been incapable of solving the problems facing the Canadian people. Today people are asking the question: CAN THOSE WHO ARE THE CAUSE OF THE PROBLEMS PROVIDE THE SOLUTIONS? The capitalists themselves have answered this question very well: NO! the capitalist class, which is the cause of the problems has no solutions.

## WHAT IS THE ALTERNATIVE?

Is it possible for a political party to engage in patchwork and rejuvenate dying capitalism? The New Democratic Party says yes. So, on the one hand the NDP calls itself "socialist", and on the other hand it presents itself as the saviour of the capitalist system. Can the NDP solve the problems facing the Canadian people?

Let us look at Saskatchewan. The CCF, predecessor to the NDP, came into power in 1944 and had nineteen years of uninterrupted rule. Did they solve the problems in those years? In fact, they were even worse than the straight forward capitalist parties like the Liberals and the Conservatives and today Saskatchewan has more of the acute problems of unemployment, inflation and U.S. takeovers than anyone else. More farmers were forced off their land under the CCF-NDP in Saskatchewan than before or after that regime. And what is their record in Manitoba? It is no better than that of their colleagues in Saskatchewan.

So people ask: WHAT SHOULD WE DO, FOR WHOM SHOULD WE VOTE? We say: DON'T VOTE FOR THE CAPITALIST PARTIES -- LIBERALS, CONSERVATIVES, SOCREDS, AND NDP, THEY ARE ALL THE SAME! VOTE FOR THE COMMUNIST PARTY OF CANADA (MARXIST-LENINIST)!

CPC(M-L) is the only party of the working class. It is offering a genuinely proletarian, socialist program - the first task of which is to overthrow the capitalist system. WITHOUT THIS, THERE CAN BE NO SOLUTION TO THE PROBLEMS WE FACE.

## WHAT ARE WE PROPOSING?

1. Parliament is not solving anyone's problems. It is a machine which the capitalist class uses to distribute the profits among itself. These profits have been reaped from the labour of the working people. Parliament is an instrument for the suppression and exploitation of the working people. We say: ABOLISH PARLIAMENT!

2. In place of Parliament we must have a PEOPLE'S CONGRESS. It should be convened on the basis of majority control. 80% of its members should come from the working class, 15% representation should go to small businessmen, farmers and fishermen, while the monopoly capitalist class should have less than 5% of the membership. At the present time there is no representation of the working class in Parliament which is in the hands of the big capitalists. We must change this situation.

3. The capitalist class will never change and abolish parliament without a fight. We should prepare for a fight. We should initiate large scale discussions among the people, establish committees to win support for the basic program of OVERTHROWING THE CAPITALIST SYSTEM. We should not get diverted by the so-called "issues" that the capitalist parties are raising.

4. We do not need saviours. We should take things into our own hands and prepare for direct struggle with the representatives of the capitalist parties in this election. We should tell them that the Canadian working people have had enough and that we are going to move to the next stage and build a genuinely socialist system. This is not the socialist system of the NDP, not the socialism of Hitler or Golda Meir, but the socialism of the Canadian working people.

WE HAVE PUT FORWARD CANDIDATES WHO AGREE WITH THIS BASIC PROGRAMME AND WHO HAVE DEDICATED THEIR LIVES TO FIGHT FOR IT.

In our country today, the government is more interested in serving foreign capitalists than the Canadian people and there is an increasing danger that we will be dragged into another imperialist war. In order to save U.S. imperialism, the Canadian working people will be used to kill and slaughter the working people of other countries. Mitchel Sharp, the candidate of the Liberal Party in Eglinton and the Secretary of State for Foreign Affairs has unjustly supported U.S. imperialist aggression in Vietnam, the Indian reactionary invasion of so-called "Bangla-Desh" and the Zionist aggressors in Palestine.

The successive capitalist regimes have also committed Canada to NATO and NORAD, aggressive U.S. military pacts.

The foreign policy of a country is determined by what attitude that regime takes towards its own people. The Canadian working people are suppressed by loan sharks, unemployment, inflation and rising prices. Yet, when they rise up they are violently deprived of the RIGHT TO POLITICALLY ORGANISE TO OVERTHROW THEIR OPPRESSORS. Hundreds of people have been thrown in jails because of their political beliefs, strike struggles of the workers under attack, people are arrested for demonstrating or distributing progressive literature and there have been over 20 political deportations over a few years. Currently there is a campaign to beef up the military forces and to use the military to investigate and suppress various political and labour groups in the country.

With this internal policy, it is natural that the current regime would support imperialist war and aggression and tie up the country with those who bully and subjugate other nations and peoples.

THIS FOREIGN POLICY MUST CEASE. IT WILL NOT CEASE UNTIL THE SYSTEM IS OVERTHROWN.

CPC (M-L) METRO TORONTO ELECTION COMMITTEE is presenting candidates who do not want a parliamentary seat in order to forge connections and make a fortune, but MEN AND WOMEN WHO ARE COMMITTED TO FIGHT FOR THE BASIC ASPIRATIONS OF THE CANADIAN WORKING PEOPLE. They are not individuals with all smiles during the elections and who show their real capitalist fangs after, but representatives of the Communist Party of Canada (Marxist-Leninist) and its program for the Canadian working people.

HELP BUILD A NEW WORLD, A NEW CANADA IN THE IMAGE OF THE WORKING PEOPLE!
