TO ALL COMRADES

Dear Comrades,

Socialist Activists and Educational Conference Discussion

The pre-conference written discussion for the Socialist Activists and Educational Conference has begun with the publication of the first issue of Vol. VI* of the Party Builder (available from the SWP national office @ 30¢ each). We would like to encourage all comrades, especially those who are active in the day-to-day work of their branch or YSA local, in such areas as forums, Militant sales, finances, Pathfinder distribution, antiwar work, Third World work, women's liberation work, election campaign, high school work, etc. to take part not only in the oral discussion which will take place at the conference in August, but in the pre-conference written discussion.

Many of the articles may take the form of suggestions from comrades on how to build our movement; they may relate experiences in a given area of work and may be short pieces.

We want to correct an error that appeared both in a letter signed by Jack Barnes and Susan La Mont sent to all comrades on the Socialist Activists and Educational Conference dated June 1 and in the introductory note in Vol. VI, No. 1 of the Party Builder on the conference.

Part of the discussion at the Socialist Activists and Educational Conference will deal with problems and prospects for building the YSA. Articles on this subject can be submitted by any member of the YSA to The Young Socialist Organizer which will be published concurrently with the Party Builder during this discussion period.

Another part of the discussion at the conference will deal with problems and prospects for building the party. Articles dealing with this can be submitted by any member of the party to the Party Builder.

All articles submitted for publication must be typed and triple-spaced.

Comradely,

Jack Barnes
