

(C O P Y)

March 10, 1967

Dear Farrell,

Since September 1966 I have had several conversations with Marc Perlstein, a Youth Against War and Fascism member who is very active on the Queens College campus. Less than two weeks ago, while eating lunch with him, he spoke of a letter which the Milwaukee Branch of the SWP sent to Workers World. He said that it was announced at a Workers World New York Branch meeting, which he was invited to attend, that such a letter had been received and that it said the Milwaukee Branch had disagreements with the SWP line on China and would like to enter into discussions possibly leading to fusion with Workers World. Perlstein stated that a member of Workers World has been sent to Milwaukee. In addition, he said that a copy of the letter was sent to a SWP leader on the West Coast. Perlstein said he did not read the letter itself. He believes (through no prompting of mine) that the SWP knows of the letter.

Comradely,

S/Dave F.
