To All Organizers and At-Largers

Dear Comrades,

Enclosed is a copy of the organizational report prepared by the Executive Committee of the DuBois Clubs in New York for a recently held conference. As can be expected after reading the report, the conference was rather poorly attended (about 35 or 40 DuBoisers).

We have reprinted this document for the information and inspiration of the comrades as it throws additional light on the political and organizational problems the DuBois Club faces in their strongest geographical area, New York City.

Comradely,

Mary-Alice Waters
