Dear Comrades,

Enclosed is the final scoreboard on the spring sub campaign. As the scoreboard indicates, we came within 13 subs of making the national quota of 1516.

The reason we were able to come so close to 100% was that 22 locals exceeded their quotas and 17 at-largers, who were not given quotas, sent in subscriptions. These locals and at-largers made up for the 13 locals which did not make their quotas.

The fact that all but one of the locals which made their quotas went over their quotas shows that the sub campaigns can be completed successfully if they are well-organized.

Those locals who went over their quotas should evaluate their experience so that it can be used in future sub campaigns. Those locals which did not make their quotas should have a thorough discussion of the campaign so that they will be able to make their quotas in upcoming campaigns.

Congratulations to those locals which made their quotas!

Comradely,

Flax Hernes
