Dear Comrades,

The national sub campaign is over and we have gone over the top to 103.3% ! Special congratulations go to those 15 locals who hit 100% and over. It is because of the work of these locals that the national sub drive was able to be completed successfully and on time.

1969 is the "Year of the Red Expansion", and with 2583 new readers of the Young Socialist, it is off to a good start!

Comradely,

Kipp Dawson
