Pre-Convention Discussion - Lew

A. Chase-Meseke-Barzman-Sherrill document.

A letter has been received from the authors withdrawing the document as a counter-resolution (letter enclosed). The NEC document now stands as the sole antiwar resolution which locals should vote for or against prior to electing delegates.

Discussion: Gus, Doug, Caroline, Lew, Robin, Lew, Melissa, Syd, Lew, Suzanne, Lew, Gus, Daniels, Lew, Robin, Mary-Alice, Melissa, Daniels, Mary-Alice, Doug, Betsey, Lew.

B. Document from James Eyman.

The National Office has received a document signed by James Eyman "on behalf of the Milwaukee local."

Motion: to approve the following statement and attach it to the bulletin.

The Eyman document, "Red Guards and White Socialists," cannot be considered a political resolution for the YSA, but in reality introduces another question before the convention--the question of the YSA's attitude toward the Socialist Workers Party. The National Executive Committee is opposed to this point being placed on the convention agenda, and will make such a recommendation to the pre-convention plenum of the National Committee. It is being submitted as part of the pre-convention discussion material for the information of YSAers.

Discussion: Melissa, Lew, Caroline, Lew, Melissa, Doug, Suzanne, Mary-Alice, Robin, Betsey, Lew, Doug, Betsey, Lew.
