WAR IN UNIONS IN PHILADELPHIA

War on Unions in Philadelphia

THE GOAL OF ROCKEFELLER WELFARE WORK

MILITARY POLICE IS ESTABLISHED IN QUAKER CITY

Police, Firemen Are Under Fascist Dictates

(Special to "The Daily Worker")
PHILADELPHIA—General Smalley D. Butler of the Marines has received a year's leave of absence from President Coolidge to serve this city as Director of Public Safety. This department has control of the Bureau of Police, Fire, Electrical Signals and Lighting, Building, Boiler and Elevator Inspection.

Butler's assumption of his new duties followed the installation of a new city administration which was elected last November. The new administration promised to "clean up the city."

Plans to Smash Unions
Pennsylvania is famous for a "protectionist" government. Its Constable troops and Directors of Public Safety who recognize no law but their own and those of the corporations they serve.

Mr. Butler did not leave the public long in doubt as to what his rule means for the workers. He called the police chiefs into his office and advised them to "clean up the city."

ENGLAND FACES RAIL STRIKE AND RULE BY LABOR

Complicated Situation Faces British Workers

(Special to "The Daily Worker")
LONDON.—The British Labor Party is on the anxious seat. With the King's address from the throne two days away the Labor Party has no idea of the attitude the Liberals will take toward their assailing foe. Unless the Liberals are willing to back Labor, J. Ramsay MacDonald cannot become premier, and the threat of a possible railway strike looms on the horizon. All the London papers say that until the question of the railway strike is settled the Liberals and Conservatives should not meet together.

The National Union of railway engine drivers and firemen are said to have issued a secret ultimatum for a nationwide strike to take effect next Saturday.

Today the King will deliver his address from the throne. The second will move an amendment, probably on unemployment, and if the Liberals do not move a further amendment it will mean that they will have decided to give their support to Labor. Then the address from the throne will be debated, the debate probably lasting all of a week. When a vote is taken on the Labor amendment in the Baldwin government will resign and the King will call on MacDonald to form a government.

Since the threat of a railway strike has been made, it is not known definitely what attitude the Liberals will take toward a Labor government. Until after the address from the throne all bets are off. Until the threat of the railway strike is removed the Labor government is not expected to be formed.

The political poster says the following is the latest information on the proposed cabinet:
PRIME MINISTER AND FOREIGN SECRETARY—Ramsay MacDonald
CHANCELLOR OF THE EXCHEQUER—Philip Snowden
MINISTER OF LABOR—Sydney Webb
POSTMASTER GENERAL—Robert Amies
LORD OF THE PRIVY SEAL and leader of the Opposition—Arthur Henderson
LORD CHANCELLOR—Lord Parmoor
MINISTER OF TRADE AND COMMERCE—Lord Curzon
SECRETARY OF STATE FOR INDIA—C. P. Scott
MINISTER OF STATE FOR HOME AFFAIRS—Arthur Henderson
MINISTER OF STATE FOR THE DOMINIONS—Lord Curzon
FIRST LORD OF THE ADMIRALTY—Lord Curzon
ATTORNEY GENERAL—Patrick Hastings
SOLICITOR GENERAL—Lord Curzon
MINISTER OF HEALTH—Margaret Bondfield
MINISTER OF MINES—Vernon Harcourt
MINISTER OF EDUCATION—Lord Curzon
FRANK MORGAN

FOSTER MEETING STOPPED THIRD TIME IN NEWARK

Civil Liberties Union to Fight Ruling

(Special to "The Daily Worker")
NEWARK, N. J.—William Z. Foster was prevented from speaking at the Labor Union here. This is the third time Foster has been prevented from speaking in this city. The American Civil Liberties Union under whose auspices Foster was to have spoken, said that it was by no means ended the fight for free speech in Newark.

Foster had barely mounted the platform when a police officer took him into custody and escorted him to police headquarters, where he remained for an hour arguing his case with the police captain.

Foster is on a speaking tour of the East and will speak in Bridgeport, Conn., and Paterson, N. J.

No Overtime in Russia
The railroad department for the protection of the workers in Russia reports that overtime had been regularly worked on the Moscow-Kazan line. One Aldford, head of the commercial department of the line, was responsible for this. He was therefore brought before the People's Tribunal and condemned to one year's imprisonment.

Get unity thru the Labor Party

Hearst Commission Makes Very Favorable Report; Workers Party and F. S. R. Launch Big Drive

After seven years, since the Russian Revolution in 1917 the United States government is now face to face with the vital question of the recognition of and the opening of trade relations with Soviet Russia.

The effort of the Coolidge administration to divert the demand for recognition into an hysterical attack on the American Communist movement has failed.

The state department under Secretary Hughes and the department of justice under Attorney General Daugherty have not been able to prove their frame-up nor to make good on their forgeries.

The committee that will investigate the question of Russian Recognition will have a friend of Soviet Russia, Senator Borah, as its chairman. Simultaneous with the beginning of this probe the unofficial American Congressional Commission, sent to the Soviet Union by the Hearst newspaper, will make its report and demand for the opening of trade relations with the Russian nation.

While this struggle is going on in Washington, the Central Executive Committee of the Workers Party has called for a mass demonstration to be held February 23, demanding recognition of Soviet Russia for January 27th.

The Friends of Soviet Russia for Saturday.

The 27th of Soviet Russia, thru its local organizations over the country, has also started a nationwide petition to congress, demanding recognition.

The situation at Washington, with the whole Coolidge administration on the defensive on this question is the result of the former secretary of the Wilson regime brusquely ordered the deportation of Ludwig Martens, a Soviet revolutionary.

The most recent, and a very important recognition of the rapid succession of big events in the Russian recognition campaign, is the report of the Hearst Commission, just made public.

This Commission, all of whom signed the report was made up of:
1. United States Senator Edwin F. Burke of Nebraska, formerly agricultural expert and most prominent pro-Communist in office of the Non-Partisan League.

2. United States Senator William H. King of Utah, conservative Republican leader in the Senate and member of the Senate Judiciary Committee, who formerly served as general of his state, who doubted the validity of the Soviet form of government.

3. Representative James A. Freer, progressive Republican leader in the House of Representatives, who is a member of the Senate Judiciary Committee, who formerly served as general of his state, who doubted the validity of the Soviet form of government.

4. Albert A. Johnson, formerly director of the New York State Institute of Applied Agriculture, practical managing expert in solution of labor and farming problems, who personally knows the officials of the Soviet government, and whose last trip to Russia was his fourth.

Thoro investigation of the whole Russian question with the aid of secrecy will begin, Jan. 21, when the special sub-committee appointed by Lodge will open hearings on Borah's resolution that the Senate advise the President to recognize Soviet Russia. Secretary of State Hughes will be the first witness called.

The Administration forces are entering this investigation unwillingly. In the departments of state, justice and commerce there are many divergent and conflicting views on the Russian problem.

First the Hands in the pockets of the Hearst Commission, and Pepper, tried to have the Foreign Relations Committee prevent the holding of public hearings, but they were voted down.

High Spots of the Hearst Commission's Report
"It is not improper to remark that many foolish, stupid and inaccurate reports appear in American and European newspapers, and therefore, false and seem to have been coined by persons to whom veracity is an utter stranger and mendacity a predominant qualification."

"During this entire period the members of the Party travelled without mishap, upon regular schedules, and with the utmost freedom, and so far as they were able to determine, free from espionage, and the heavy industry, owned and controlled by the State, while still languishing and weakly retarded production from the two-year output, show signs of revival and will yield in 1923 an increase over the production of 1922."

"Twenty nations have entered into trade relations or diplomatic relations with the Soviet Government. The members of the Party believe that a TRADE AGREEMENT between the United States and Russia would be of importance to the people and increase the affection which they feel towards this Republic. It would facilitate trade and commerce and increase amity between their respective peoples."

Labor Shows There Can Be No Peace Under Capitalism

The Bok peace plan which won the Edward Bok \$100,000 prize is the subject of much criticism among workingmen and women in Chicago. The text of the scheme, in which the author's name has not yet been made public proposes the immediate withdrawal of the United States into the permanent court of international justice and unreserved cooperation with the league of nations under specified conditions. The project also envisages the ultimate membership of the United States into the league of nations under specified conditions.

The Bok peace plan is another attempt at the impossible to prevent war under an industrial system that produces war.

"The higher the development of capitalist production the greater the danger of war. This development brings with it a sharper struggle for survival between the national groups of capitalists."

What Will the Winter Bring?

When one analyzes the last official authentic reports on the economic condition in the country he gets a chill. The winter ahead has nothing but dreary prospects for the working masses.

An analysis of the production figures should make every worker sit up and think—and act. According to the latest findings of the Federal Reserve Board the production of basic commodities and factory employment decreased in November.

Production in basic industries decreased about 2 per cent. In December the production of pig iron fell 2 per cent.

The number of active cotton spindle hours is today about 700,000 less than a year ago and fell over 300,000 in November alone.

In terms of plant capacity and steel-sheet production, according to the Department of Commerce, in November stood at 87 per cent as against 77 per cent in October and 81 per cent a year ago.

The production of automobiles, pneumatic tires, southern and western pine lumber, face brick and the number and expenditure for building contracts awarded in 22 Northeastern States all decreased in November.

With the fall of production unemployment is increasing. The above facts are being dismissed by the thousands.

The number of factory employees and the weekly pay roll are falling in New York State.

An examination of the last report compiled by the Federal Reserve Bank of Philadelphia and the Department of Labor and Industry, Commonwealth of Pennsylvania is especially instructive.

These reports indicate that out of 681 plants in 39 industries of the great manufacturing State there was a decrease of 1.7 per cent in employment, a fall of 3.4 per cent in the total wages, and a drop of 1.7 per cent in the average wages in the month of November as compared with October.

IT WILL APPEAR SOON

N. Y. COURTS

Governor Smith Ends Case With Pardon

Gov. Franklin D. Roosevelt today granted a pardon to the late Governor Smith, ending a case which had been pending in the Appellate Court of New York State since that time.

Smith was convicted in 1920 on the charge of violating the Criminal Anarchy Law of the State of New York. He was charged with helping to organize a meeting in New York City in 1919, and sentenced to prison for ten years in New York State prison.

After two years, Smith, then Governor of New York, was granted full pardon pending appeal. The case was pending in the Appellate Court since that time.

Upon taking office as the beginning of 1933, Governor Roosevelt pardoned all of the Communists charged with Criminal Anarchy in New York State, but this pardon did not extend to the case of Henry Whitely, who was charged with helping to organize a meeting in New York City, also pardoned could have been secured in these cases of the court proceedings had been dropped. The defendants, however, with the concurrence of the Criminal Committee decided to further test the Criminal Anarchy law in the courts before accepting pardon.

The Whitely case was decided about two weeks ago. The sentence affirmed, and Governor Smith has now extended a pardon to him.

HE HEADS THE SOVIET INVESTIGATORS

U. S. SENATOR BORAH As He Appears to Our Artist

There was ample law to reach these persons. Even W. Burnstead, secretary of the Massachusetts Civic Alliance, also asked the department why the government did not act. In reply, Mr. Crim explained that the power of the law was ample to reach such individuals. All that was needed was the individuals. All that was needed was the individuals. All that was needed was the individuals.

Here Are the Letters.

The following letters to Mr. Burnstead and to Mr. Wheeler, are in the possession of Senator Borah for use in the coming foreign relations committee investigation:

Department of Justice, Washington, D. C., Nov. 13, 1923.

Dear W. Burnstead, secretary, Massachusetts Civic Alliance, Box 100, Boston, Mass.:

"Sir, I have your letter of November 2, with respect to the enforcement of the law against the Communist Party of America. There has been a great deal of 'slush' done in my attention with reference to this act, but not one single person has been arrested."

IS PLEDGED

Klan Private Detective Leads Raiders

MASSACHUSETTS—The Klan private detective who led a raid on the headquarters of the United Brotherhood of Carpenters and Joiners of America in Boston, today pleaded guilty to the charge of leading a conspiracy to violate the Criminal Anarchy Law of the State of New York.

The defendant, John W. Crim, an Assistant Attorney General, was charged with leading a conspiracy to violate the Criminal Anarchy Law of the State of New York. He was charged with leading a conspiracy to violate the Criminal Anarchy Law of the State of New York.

The raid was conducted by a group of men who were members of the Klan. They were led by John W. Crim, an Assistant Attorney General. They were charged with leading a conspiracy to violate the Criminal Anarchy Law of the State of New York.

WHO IS YOUR DELEGATE?

The miners of the entire country have, by this time, elected their delegates to the Indianapolis conference of the United Mine Workers of America, Jan. 22, and now that you know who are going to represent you, you should find out where he stands on the various issues that will come up for consideration. There will be of the customary kind, of course, but the question is, where does he stand on the issues which are of importance to you?

The following are the names of the delegates to the Indianapolis conference of the United Mine Workers of America, Jan. 22, and now that you know who are going to represent you, you should find out where he stands on the various issues that will come up for consideration.

RACE DISCRIMINATION LOSSES

NEW YORK—A legal procedure is established for the discrimination in a case, fought and won in New York's courts by Karl Brown and Miss Marion Brown, senior students at Harvard University, and Howard College, brought about against the Midland Beach Co. for refusing to allow them use the cabins at that swimming beach last summer. The jury awarded them \$100 damage.

"Citizens" for South.

AMALGAMATION

OF SHOE WORKERS BRINGING UNITY

Consolidation Results in Biggest Shoe Union

By FEDERATED PRESS

HAVERHILL, Mass.—The consolidation of the shoe workers' union and the United Brotherhood of Carpenters and Joiners of America, the S. W. P. U., has resulted in the formation of the Amalgamated Shoe Workers of America and it is expected that they will come in, in the very near future.

The S. W. P. U. with general offices at Haverhill and organization in Yonkers, Lynn, Beverly, Lowell, and North Andover, Mass., and Williamsport, N. Y., has about 27,000 members. The U. S. W. A. has local in Rochester, N. Y., St. Louis, Lynn, Newburyport, and other cities.

The consolidation of the two unions is expected to result in a more unified and powerful organization. The new union is expected to be formed in the near future.

BLANKENSTEIN GREETED

DAILY WORKER FROM PENNSYLVANIA PRISON

If "The Daily Worker" stated without greetings from the inside of a prison it would hardly be surprising. Here is a greeting from Carl Blankenstein, who has been in for several years and whose workers get him out will stay there a few more. The \$5 which Carl Blankenstein sends should raise other, who are much more fortunate, to action. Three dollars of the appearance of the Daily Worker. Believe me, the event is a source of joy to me, temporarily disabled as I am. With the W. W. membership, I am proud of this accomplishment. The appearance of the Daily Worker has made possible only after six weeks of effort. The Daily Worker is launched scarcely six months after the launch of the call for funds. And the one month thereafter the workers were subscribed not by lawyers and the one month thereafter the workers were subscribed not by lawyers and the one month thereafter the workers were subscribed not by lawyers.

OPPORTUNITY LOANS TO

LABOR UNION OF GERMANY, Pa., has passed a resolution protesting against American intervention in European affairs. The resolution urged the American Government to remain neutral in the European conflict. The resolution was passed by the Labor Union of Germany, Pa., which has a membership of about 100,000.

Manly and Rodriguez Give Views to Council

NEW YORK—Children two and three years of age are put to work by parents who take work to their homes. The last week of the year, the majority of workers in not born by the 10th. Conditions among home workers are as bad today as they were 10 or 15 years ago. Good wages are paid for high prices in the city's best stores are worked on in homes for starvation wages. No home workers make more than \$100 a year in spite of the fact that while the majority of workers in not born by the 10th. Conditions among home workers are as bad today as they were 10 or 15 years ago.

Manly and Rodriguez gave views to the Council on the state of the labor market. They discussed the conditions of the labor market and the need for better wages and working conditions.

SILVER STATE

F. P. TO ACT FOR MAY 30TH

Following his tirade a delegate asked him about statement that the Illinois Federation of Labor backs the Farmer-Labor Party. Rodriguez responded by saying: "The action of the Farmer-Labor Party in endorsing the Gompers nomination is a political move, not a labor move. It is a move to win the country as a job. He then admitted that the farmers of the west were more radical in politics than in the east, but again said that the action of the Farmer-Labor Party was as compared to the great influence centers to be found in Illinois."
