## Morgan Dawes Plan to Enslave Europe Means New War in Few Years

(Special to The Daily Worker)  
NEW YORK CITY, April 24.—Scott Nearing, lecturer on economics, declared here that the Morgan-Dawes scheme, for the enslaving of Western Europe to American imperialism, will not work.

"The plan is too complete," declared Nearing. "Its shackles will prove too galling. The rawness of the slavery which it is proposing is too obvious. Its tyranny is too oppressive. Perhaps Germany will reject the plan. Perhaps she will accept it with minor modifications to save the face of the Government, but in five years, or perhaps less, there will be an explosion in Europe that will put 1914 completely to the shade. America will contribute toward this explosion and that add to its terribleness when common documents like the Dawes report will describe positions of international disaster."

In reviewing the conditions that led up to the framing of the Morgan-Dawes plan, Nearing said:  
"On Rehabilitation Europe."  
"Ten years ago the principal capitalist empire of Europe plunged into a war that was to last for years. It was that war that brought victory and glory to the arms of the confederates. The war dragged on for more than four years, and then, five years ago, the Allies, having won the war, and the establishment of the League of Nations (as opposed to the 'Peace of Munich' which Germany had won) came on her enemies had the word on the contest) handed to the Allies the treaty, with instructions to sign on the dotted line."  
"This treaty was the work of the ablest statesmen that the Allies had at their disposal. Instead of sending more commissioners, the premier, presidents and other statesmen of the world and the Allies assembled in Paris and signed the treaty."  
"Seldom there were more than two men among the treaty makers" assured the world that the rehabilitation of Europe had begun. The rule of might had given place to the rule of right. The pasting of the German menace was to mark a milestone in the history of the race. Beyond this point was prosperity and peace.

"A hectic year ensued during which the nations of Europe issued loans and paper money, reorganized their military and naval forces, and prepared for the next year. In the spring of 1920, first in Japan, and later through the entire capitalist world, there broke out one of the most disastrous financial panics that the modern world has known."  
"The four succeeding years in Europe, have been years of petty war, of unemployment, of famine, of pestilence. Financial systems have broken down in every one of the warring nations, with the single exception of Britain. The states carved out of Russia, Germany and Austria as a part of the treaty reconstruction policy, have been, for the most part, maintained by French and English loans, and all of them are in a twilight zone of impotence. Despite the efforts of the Allies, Russia has maintained her revolution, and despite their utmost endeavors German competition still threatens the life of their industries."

"How can a poorly organized people like the French destroy a well organized people like the Germans? There is only one way—the destruction of the basis upon which German civilization is built. That policy France and the Allies have pursued with relentless vigor."  
"The treaty began the destruction by depriving Germany of her colonies, her foreign investments, her iron and coal resources, her merchant ships, and saddling her with an immense reparations bill payable over half a century. The occupation of her territory continued the process by turning over to the French steel interests the most important iron and steel center in Germany. The Dawes report completes the work by adding directly upon Germany industry and upon the German workers an annual charge of two and a half billions of gold marks, which, in effect, is a sharing with the Allies of German industrial profits for a period to be determined by the Allies."

## SUB-DISTRICT 4th MEETING AUBURN

### Unemployment Burning Issue at Meet

By THOMAS MYERS COUGH, Secretary, Progressive Miners' Committee.

AUBURN, Ill., April 23.—Meeting in the coal diggers hall, the miners of Subdistrict No. 4, better known as the Springfield Subdistrict of the Illinois Mine Workers, are in convention here.

No sooner was the gathering called to order than Wm. Crawford Freeman Thompson, then he proceeded to read his report. As copies of the report were being distributed by the messengers, the president humorously drew attention to the fact that the report was printed in "red" cover. The report was lengthy, covering the many different phases of the mining industry.

John J. Lewis, president of the United Mine Workers, was quoted as saying, on one of his frequent visits to Washington, that "real legislation was not expected at this session of Congress, but that some legislation was necessary for any, as the public was well supplied with coal."

Perhaps it was because oil has succeeded coal as a national issue that Lewis was prompted to make that statement.

President Thompson recommended that the constitution be amended to provide for the retention of eligibility by members to their rights in the sub-district when they are forced by unemployment to leave their homes. Much space is given in the report to the question of the foreign born workmen in the coal fields.

Call for Labor Party.  
Pointing out the inability of the present system to cope with the needs of the world, and to its constant refusal to do anything of a remedial character, he urged that a new union be formed in each industry, and an alliance of all such unions, the world over, be made. This, he said, would be a strong plea for the active participation of all labor organizations in the formation of a real live Labor Party.

The reports of Vice President Tom Perry and Secretary J. J. Watt, both working class documents which touched on the urgent needs of the miners, including those unemployed, were also read. Both mentioned the Howat case and the Lewis "stabilization agreement." The miners here in Illinois think the latter should have meant "sterilization" for the mines continue to shut down there won't be any work to be found in these parts.

Vicious "Dooking" Discussed.  
The report of the committee on officers' report was sailing gracefully along in the afternoon session until it came to that part covering the penalization of miners by "dooking" them from the pay envelopes of the miners fines for losing dirty coal. It was charged that the contract was violated by both miners and operators' representatives, but in the settlement reached only the miners were "exposed." They were forced to refund money, while the operators were "let out" by paying compensation for illegal suspension.

During this discussion, Watt, secretary of Sub-district 4, read much correspondence between President Farrington and himself. He charged District Board Member "Joker" Young with the responsibility for many unfavorable decisions, declaring that Young was present to defend himself. After Watt concluded, he moved that Young, who is not a delegate, be given the floor. He made a pitiable speech in his own defense, admitting that he had done wrong, but used the words "technically wrong" for a defense of his contract. In answer to questions, admitted to similar and more recent decisions, all of which proved that he is well richly earned. (Continued on Page Two.)

## Pullman Strikers Face Rifle Squad

### LOSE HALL, ORGANIZE IN SPIKE POLICE

#### FOUR ARRESTED, THEN RELEASED, AT HEGEWISCH

The striking car workers of the Pullman Company organized a local union of the Brotherhood of Railway Carmen at their strike meeting yesterday. Saying that the strikers would be one hundred per cent solid, the Pullman Company had between forty and fifty armed policemen in the plant and three of the strikers out of their hall at 158 East 10th street.

The organization of the union by the strikers, after securing another hall, was an answer to this bluff of the Pullman Company.

At six o'clock yesterday morning John Holmgren and a group of pickets went into the plant. About there were two loads of uniformed policemen with shotguns and rifles, and plain clothes men patrolling the sidewalk. The men at all times were quiet, and refrained from gathering in large groups.

Four men were arrested, and released, at Hegewisch.

The Pullman Company, however, seeing that the handbills telling the strikers of the drastic work being done by the strikers were creating much sympathy for the strikers, refused Paul Wheeler, Acting Captain of police in the 9th Ward, out of bed Wheeler arrested at the Pullman gates at five minutes of seven, just as the men were finishing their distribution. He made the strikers put their belt lets away.

A large eight-passenger touring car called with arms attached to the sides of the auto, was parked just across the street from the hall at 158 East 10th street, where the strikers had been meeting.

Also mentioned, basketball games, dances and entertainments have been held in this hall. The hall was used for the rifle squad holding up the hall and the strikers that "the license of the hall owner has been revoked."

The strikers pledged themselves to continue active picketing, and instructed Organizer Holmgren to draft a letter to the Pullman Company, officials refusing to return to work until the wage cut is wiped out. They organized solidly into a local of the Brotherhood of Railway Carmen of America. Hereafter the strike meetings will be held every morning at ten o'clock at Stancich's Hall, 205 East 115th street. This hall is just across the street from the police station in charge of Acting Captain Wheeler.

"I left Wheeler that we were within our rights in distributing handbills to the shop men. John Holmgren told the DAILY WORKER, "I am going to take it up with the alderman of the ninth ward. This alderman was elected by the vote of the Pullman Company workers and it is up to him to see that they get protection."

Four men were arrested yesterday while waiting for a street car in front of the plant at Hegewisch where the strikers are fighting. They were held several hours and then released. It is thought that the strikers at Hegewisch will follow the lead of the Pullman strikers and organize a union.

Reference was made to the strikers, Holmgren pointed out what an important step they had taken in forming a union of the strikers. The strikers have been the best of spirit, and the slave driver speed-up system.

## Friendless Sailor Hangs Two Because of 2 Bottles of Milk

### SAINT QUENTIN PENITENTIARY, CALIF. APRIL 24—Isaac Wolfgang, sailor who has no friends, is going to hang here tomorrow all because of two bottles of milk.

Wolfgang was in Los Angeles early one morning. He had no money in his pocket and was in front of a grocery store, down on East Third Street, he saw the milkman leave the "day's supply" milk.

Wolfgang waited until the man was gone and then he drank two bottles.

Officer Walter Dimmore finally heard of Wolfgang and went with him to his room "to get \$35" he said he had there.

Inside the room there was a fight. Dimmore hit Wolfgang over the head with his "bully" and Wolfgang in turn shot and killed Dimmore.

Last night he was taken from the condemned row in the penitentiary here and taken to the gallows to sit alone with his thoughts and await the coming of 10 a. m. Friday, when he will be hanged.

All because a sailor, out of a job, was hungry and drank two bottles of milk.

## MOSCOW DID IT DAUGHERTY TELLS WORLD

### Says Russian Bolshevik Forced Resignation

(Special to The Daily Worker)  
COLUMBUS, O., April 24.—At last the truth is out—Moscow forced the resignation of Harry M. Daugherty, U. S. attorney general of the United States in the Coolidge cabinet.

It wasn't "Cautious Cal" who wrote the request for Daugherty's resignation that sent the attorney general into private life. It was the long arm of the Moscow Bolsheviks.

Daugherty himself admitted it in a speech here, but those who have been well versed in the history of the Moscow Bolsheviks.

## Win Organize Illinois for June 17th Farmer Labor Convention in St. Paul

### Illinois to be organized for the National Farmer-Labor Convention, to be held at St. Paul, Minn., June 17th. A state gathering planned for the Labor Temple, Peoria, Ill., May 18th, starting 9 a. m.

The call for the Peoria gathering of the Illinois State Farmer-Labor Convention is being sent out to all local labor unions, political parties, workers' cooperative associations, workers' fraternal organizations and farmers' organizations in Illinois. In all about 3,000 invitations to this gathering will be issued.

It is estimated that about 500 delegates will attend. The miners will have an especially large delegation. In view of the fact that their state convention will be held at Peoria, starting May 15th, and is expected to overlap the Peoria labor meeting.

MacDonald is Secretary.  
Dugan MacDonald, former secretary-treasurer of the Illinois Mine Workers, is temporary secretary of the convention. He can be reached at 72 E. Adams St., Springfield, Ill.

While the miners will have a strong delegation, it is expected that other industries will also be well represented. The invitation will be sent to all political groups, including the Workers Party, Socialist Party, both the Fitzpatrick-Nockels and the Green factions of the Farmer-Labor Party, the Socialist Labor Party and the Proletarian Party.

The call sent out reads in full, as follows:  
Call for Illinois State Farmer-Labor Convention to be Held at Labor Temple, M. J. Jefferson St., Peoria, Ill., May 18th, at 9:00 a. m.  
To All Labor Unions, Central Labor Councils, Workers Political Parties, Workers Co-Operative Associations, Fraternal Organizations and Farmers Organizations in the State of Illinois.

Greeters: Through the country the industrial workers and farmers are uniting their forces into State and Local Farmer-Labor Parties. The picketers and "open shoppers" are being organized. Success has marked these first steps. In several instances, not the State of Minnesota, from which two United States Senators were elected on a Farmer-Labor ticket.

To link these local and State parties together and unite the political organizations of farmers and industrial workers for the 1924 Presidential campaign, a National Farmer-Labor Convention has been called to convene at St. Paul, Minn., June 17, 1924. This call has been issued by the Committee of Arrangements in the name of the following organizations: Washington Farmer-Labor Party, Dakota Farmer-Labor Party, South Dakota Farmer-Labor Party, Montana Farmer-Labor Party, Nebraska Farmer-Labor Party, Federated Farmer-Labor Party, Minnesota Farmer-Labor Party and the Buffalo Farmer-Labor Party.

Invitations to participate are based on endorsement of the following tentative program:  
A. Public Ownership.  
B. Governmental Banking.  
C. Public Control of all Natural Resources.  
D. Restoration of all Civil Liberties guaranteed by the Constitution.  
E. Abolition of the Use of Injunctions in Labor Disputes.

The forces of farmer and labor in Illinois are at present divided and hindered by the various political organizations. The existing Farmer-Labor Parties have failed to unite the farmers and industrial workers for the State Elections in November 1924. They have used their influence to hinder the great get-together plan and by the call for the Farmer-Labor Convention at St. Paul, Minn., June 17th. They have nothing to propose for the workers, and have shown further hopes into the discard by the action of some of their officers.

More Shops Settling.  
More shops have settled during the last two days, so that after the week-end holidays more than 120 workers will return to their places with their just demands granted. All evidence points to the success of the Iron Manufacturers' Association. From present indications it seems to be an auspicious moment for the strikers.

## Cleveland League of Young Workers Staging Big Dance

The Young Workers League of Cleveland will hold a dance on April 26 at George's Day Club, 1969 St. Peter avenue.

MUSIC will be furnished by Julius Fischer's Union Orchestra, one of the best organizations of syncopators in Cleveland.

The affair is held to raise funds to liquidate the debt of the Cleveland T. W. U. to the National Office. All Workers Party members are urged to attend this dance and bring a few sympathizers with them.

Admission is 50 cents, and Rebecca Sacharow, city organizer, personally promises every one a good time.

Those in Pittsburgh may Day PITTSBURGH, Pa., April 24.—International Labor Day will be celebrated at a big mass meeting Sunday, May 4, at 2 p. m. at the Labor Union, 35 Miller St., under the auspices of the Workers Party.

Ludwig Lore, editor of the Volkszeitung of New York, will be the principal speaker. Admission is free and a big crowd is expected.

## Bronx Workers in Club Endorse The June 17th Convention

(Special to The Daily Worker) NEW YORK CITY, April 24.—The Bronx Workers' Club has just informed here and has already endorsed the June 17th convention of the general labor force and will name a delegate. The club is interested in the social and educational advancement of all workers, according to the secretary, I. Goldenberg. The members expect to increase their activities during the summer and are welcoming all Bronx workers to their meetings. Headquarters of the club are at 1147 Boston Road, Bronx.

## Organizer Finds Michigan Field Live For Party

DETROIT, Mich., April 24.—Eldred Owens, Workers Party district organizer No. 2, is at present touring the state for organizational purposes. New branches of the party will be formed in many of the cities that are on his route.

The formation of a state Farmer-Labor Party will also be discussed at the meetings arranged for Owens in various cities. Candidates in the district appear to be ripe for organizing, and Owens' trip is expected to be very fruitful of results. He will meet with organizers and sympathizers should get in touch with the local comrades for definite information as to the places and times of meetings, where these are not mentioned in the following outline of Owens' tour:

Thursday, April 24, Lansing.

Friday, April 25, Grand Rapids, at Lutheran Hall.

Saturday, April 26, Grand Rapids, at Workmen's Circle Hall.

Sunday, April 27, Muskegon, at Woodman Hall.

Monday, April 28, Allegan, at Hay Creek's home.

Tuesday, April 29, Battle Creek, at G. A. Hall.

Wednesday, April 30, Flint, Mich.

## Labor Candidate Of Mexico Is Now Straddling Fence

(By The Federated Press) MEXICO CITY, April 24.—General Plutarco Elias Calles' labor candidate for the presidency of Mexico is straddling. He went a few days ago to the grave of Emiliano Zapata, founder of the Agrarian movement of Mexico, and on his grave swore that he would carry out the principles of this great leader that the earth belong to those who cultivate it. The reactionary press began an attack on Calles saying that Zapata was an anarchist who believed in the destruction of all private property, and that it would be his duty for the next president of Mexico to advocate any such principle.

One-day labor rallies issued another statement, saying in part: "We do not intend to disturb property of wealth. But we think that the conquests which have been made by the workers and peasants in Mexico and civilized countries can be established by us in Mexico through education, moral stimuli, economic stimuli and their advanced laws."

Rickett Grock in PITTSBURGH, Pa., April 23.—Albany County voters selected Harry Beaver Strawnbaugh for county laborer, as delegate at large to the Republican National Convention, and Governor Clifford Pinchot by a majority of more than 50,000, according to returns early received from Tuesday primary election.

Other delegates at large—selected by the county voters—were: Cleveland (convention in June)—Andrew W. Mellon, secretary of the Treasury; Senators Power and Reed; congressman William S. Vary; Harry Baker and Mrs. Elizabeth Price Mac

## The Party at Work

Two Hundred or Twelve Hundred Are there two hundred or twelve hundred members in the branches in the United States?

The answer to this question is being given in the response to the appeal for the Farmer-Labor Party Campaign fund. This far about two hundred branches have responded to the call for funds. There are over twelve hundred branches in the national office of the Party.

What are the other thousand branching units? Do they believe that the crystallization of a mass, class Farmer-Labor Party in the United States representing a million organized industrial workers and farmers is of little importance to the revolutionary movement in this country.

The goal which is before our party at the present time, where we are trying to realize it, is the Farmer-Labor Party campaign means the greatest achievement in the history of our party. Branches which have not responded to the Party appeal for funds should take the same step in their organizations immediately. The national office must have the support of the entire party if it is to obtain results.

Following are the branches which have reported during the last week:

Washington Branch	2300
Indiana Russian Russian Br.	5.00
Russian Russian	7.00
Detroit Lithuanian	1.00
Reverend English	2.00
Maryland Russian	6.00
Providence	12.00
Van Etten Lithuanian	7.00
Baltimore English	2.50
Buffalo German	2.00
English English	5.00
Bellows South Slavic Br.	11.00
Los Angeles Lithuanian	10.00
Bellows South Slavic Br.	10.00
Pittsburgh Russian	1.00
Chicago Lithuanian	5.00
Pittsburgh Lithuanian	4.00

The Farmer-Labor Party Campaign Fund is still far short of the total which is required for this work. Only about \$2,000 out of \$15,000 needed in this campaign, has been raised. The Social Turner Hall has not responded must take this question up and make their response at once.

## Foolish Workers Put Their Faith In Rockefeller

RAYMOND N. J., April 24.—More than 75 strikers who voted in the company's plant have put their faith in the golden rule professions of John D. Rockefeller, who has returned to work without their 10 per cent rate. The men have no union and are expected to present a troop of 200 children entertainers, to take part in the festivities.

In addition there will be several other good speakers to give short talks, with a five-minute limit on their eloquence.

The concert program will include the Proletarian Singing Society and the Russian grand opera stars, Nita Chikostova, coloratura soprano, and Gabriella Hrazanova, baritone.

The Lithuanian comrades are expected to present a troop of 200 children entertainers, to take part in the festivities.

Philadelphia, Pa., April 24.—More than 75 strikers who voted in the company's plant have put their faith in the golden rule professions of John D. ## Dawes, Injunction Booster, Given A Knack By A. F. of L.

(By The Federated Press) WASHINGTON, April 24.—Fear that Chas. G. Dawes, advertised as the author of the relations between the most scheme in Europe will come home to take the Republican vice-presidential nomination, has led the American Federation of Labor to issue a warning against his anti-union activities. He is expected to attempt to put an anti-union plank in the party platform.

The Dawesites were the promoters of the "Might Men of the Constitution," organized in Chicago some time ago as an American imitation of the Italian fascists. An official of the board of the Central Trust Co. of Chicago, Dawes has been leader in a campaign of eulogy of Daugherty's injunction against the railroad shop strikers. He has been called "open shop" in and out of season. He has let it be known that "Hill and his associates have been called 'open shop' whenever his time came to exercise official power."

## Pittsburgh Holding Important Meeting For Foreign-Born

(Special to The Daily Worker) PITTSBURGH, Pa., April 24.—The Western Pennsylvania Council for the Protection of Foreign Born will hold a most important meeting, Friday, April 25, at Superior, Wis., 2 p. m. on Sunday, April 27th. All delegates should attend this conference. This hall is near the Wabash depot.

With the passage of the Whelan Johnson bill we may expect a campaign of bigotry and intolerance such as has never been witnessed before, says a statement by the Council. This cannot be met by apathetic efforts. There must be a mass campaign of foreign education. The fact about the foreign-born people of the United States has been made known to the public. The foreign-born people themselves must become American citizens and make their own political power felt.

## American Workers Asked To Aid In War on the Chinese

(By Crusader Service) CANTON, China, April 24.—American workers are implored to help the Chinese against the capitalist interference of Secretary of State Hughes in a manifesto issued by Dr. Sun Yat Sen, Chinese National Party.

The manifesto says: "Your capitalists demand and republicans and capitalists demand in China the slogan of Good Friend to China. But what does this good friend mean when the most wicked fact that American battleships are stationed in the Yellow Sea? The United States government's support of the Chinese domination against the Chinese workers surplus being used for the reconstruction of the Canton government."

"The workers of America have stood by the Chinese workers and why not against the participation of the United States in China affairs?" said Dr. Sun Yat Sen.

Sun Yat Sen, is fighting to throw the yoke of militarism in China. You English workers, the National Party of the Canton government in its struggle against the military action of the American battleships in Canton's harbor."

## Beer Bombs Have Their Fun As Dicks War On Strikers

Hundreds, paid strikers fed from their bed rooms in scanty attire recently when a bomb exploded in the entrance to a saloon on the ground floor of a west side apartment building.

Windows in the neighborhood were shattered and the saloon, which has been closed for some time, fired by the explosion. The damage is estimated at \$13,000.

The bombing is renewal of Chicago's beer war, is the original theory worked out by the Sherlock Holmes drawing the city's eye.

## Call On Church To Fight Injunctions In Labor Disputes

LOUISVILLE, Ky., April 24.—A call to the church to oppose the use of injunctions in labor disputes was adopted without dissent by the conference of over 500 Methodist students representing 112 universities and colleges in the Methodist union, held at the University of Louisville, Ky., April 24.

The students, organized by the National Student League, and natural resources and all essentials of life. The students, organized by the National Student League, and natural resources and all essentials of life.

## Denver Plans Big May Day Meet In Machinists' Hall

DENVER, Col., April 24.—Workers Party members and Socialists will cooperate in the celebration of May Day by a program of music and dancing, Sunday, April 27th, at 7:30 p. m. in the Machinists' Hall, 1215 California Street. The special May Day in the DAILY WORKER will be given as a souvenir to each person attending the meeting.

Readings, singing, classical dancing, music and light refreshments comprise the program offered. Tickets are 25 cents and are obtainable from W. Electric, 1407 Arapahoe street. The Social Science League of Denver has just closed its season. The last subject was "The Communist International," by M. Falcoster, the speaker. Information about the League can be obtained from the Secretary, 5017 Newton St., or Machinists Hall, 1215 California Street, where the May Day meeting will be held.

## FILIPINO PRESS HITS WOOD'S VIEW OF INDEPENDENCE

(Special to The Daily Worker) MANILA, P. I., April 24.—The entire Filipino press, voicing the sentiments of the Filipino people, denounced in no uncertain terms the proposal of Governor-General Wood that strife and disorder would result if the Filipino people were granted their independence. They state that history and actual facts prove that the main trait of the Filipinos is their inborn love for peace.

The papers are in the belief that the American Congress will not in any way be influenced by the wholesale indictment of the Filipino people by Governor-General Wood in his report to the secretary of war, which indicates, among other things, a clear confession of the failure of the policies in the Philippines to the extent of losing his calmness before his waning prestige as a great administrator.

Filipino characterize his statement as a "blatant insult" to the Filipino people and to children to create fear in their hearts. They further say: "It is not enough to say that we justly actual facts prove that the main trait of the Filipinos is their inborn love for peace."

## Woman Unionist For Congress On Farmer-Labor Party Ticket

(By The Federated Press) MINNEAPOLIS, April 24.—Not only a woman, but a union card woman will represent Minneapolis in congressional elections in Minnesota. Victoria McAllison on the Farmer-Labor ticket. Miss McAllison's labor organization is the Minneapolis Teachers' union which she is a charter member. She is a former labor organizer and was twice vice-president of the Working People's Socialist Political League, and was the first president of the Women's Trade Union League. She is a member of the City of Chicago and author of a textbook, "A Study in Occupations."

## Latvian Industry Ruined; Anti-Soviet Policy A Failure

(By The Federated Press) RIGA, Latvia, April 24.—Out of a population of 2,100,000 there are 34,000 industrial workers in Latvia. The war there has cost 150,000. This shows how low production is in this devastated district.

Of the 34,000 industrial workers, 13,000 are organized in six national and six international unions. The factory workers' union numbers 2250 members, the railwaymen 2150, book binders 2000, seamen 1100, postal workers 1050, stage artists 80. The largest single union is the dockers in Riga numbering 1000 members. The agricultural workers' union is estimated at 2000 to 3000 members, but is not organized.

There are no clerical and fascist trade unions, but there is the usual struggle between the masses and Communist for labor control.

## Fight For Howat Waged At Auburn Miners' Convention

AUBURN, Ill., April 24.—Preliminary to the state convention of the United Mine Workers of America, five hundred delegates from sub-district 4 met here today to protest against the three-year contract signed last year. This is an important convention in that 11,000 members of the union will have an important bearing on the attitude of the state convention in Peoria, May 11.

Leading the fight for the reinstatement of Alexander Howat as president of the Kanawha miners are President Thompson and John Watt, secretary of the sub-district 4. They will be the chief speakers at the Auburn meeting and are expected to take a prominent part in the forthcoming state convention.

Workers May Amalgamate. ST. LOUIS, April 24.—A move is afoot to bring about the fustop of the seven local unions of stationary engineers into one organization.

## Silk Workers Strike In Reading Against 50 Per Cent Slash

(By The Federated Press) READING, Pa., April 24.—A 50 per cent cut in wages of skilled workers at the Quaker Silk Mills in Reading brought on a strike that promises victory because present wages are so low that no strikers could be hired. The old rate was from \$15 to \$20 a week. The owners now offer from \$15 to \$20. Broken promises by the management are a contributing factor to the strike.

# THE DAILY WORKER

## Campaign Almost Half Over As Leaders

### Near Quota

With one-half the period for the 1936 new subscription drive almost over, leaders in the campaign are rapidly approaching the quota set for them. After a bitter struggle for first place Warren, Ohio, snatched from a week of inactivity and surrendered its position to Superior, Wis., which last week has again come on top with 56 per cent of its quota reached. While City, Mont., is making another bid for fame and glory, its week last week has again come on top with 56 per cent of its quota reached. For the leaders it is no longer a struggle to maintain, but to be reached but to see how far it can be surpassed.

Kansas City, Mo., which made the suggestion that prize banners be given to the winning city, now seems to think that giving the banner to the proposal it is only proper that it should win the prize in its division. The net results of the week's activity in the "how me" city is a boost in percentage from 44 to 54.

## Toledo Shows Its Class Again

In the cities with quotas of more than 100, the week shows extraordinary activity. Toledo, Ohio, has slipped into the lead with an amazing total of 28 new subs for the period and an increase in percentage over last week from 37 to 58. Brooklyn, N. Y., which has held the lead for big cities almost from the beginning slipped a cog and now must show its stuff if it hopes to catch the live bunch from Toledo. The latter has an aggregation of DAILY WORKER submitters as can be found in the country. Comrade Earl Merritt is proving a worthy team mate of Comrade Harvill while Comrades Beck, Dyer, Stephenson, Bushler, Willrecker and a dozen others make up an organization which can well challenge any set of DAILY WORKER boosters in the country.

Detroit has raised itself in the world again with a total of 23 new subs for the week which brings it up to an almost respectable percentage of 43. Philadelphia and Pittsburgh are keeping up the good work and give evidence of reaching their quota at the very least. Minneapolis, slow in getting started, is working up speed. Chicago was asleep for the week.

## The Stickers Will Win!

Records made by dozens of cities show far and the rate at which the subscriptions continue to come prove conclusively that THE DAILY WORKER has taken a firm hold in the minds and in the activities of the real militants. The most who will win this campaign are the ones who continue to work for THE DAILY WORKER day in and day out. In such ways are all struggles won and the strength and support of THE DAILY WORKER is gaining thru the loyal and steady support of the active comrade, the strength and power of the labor movement is on the gain. The stickers will win! The victory in the campaign for THE DAILY WORKER and the victory of the workers will be theirs.

# Marx and Proletarian Dictatorship

There is a United Front of the "yellow Socialists"—the American Socialist Labor Party, the Socialist Workers Party, the Communist Party and the Communist League—conspirators to prove that the Communist Party of Russia and the world are wrong in their policy of the Dictatorship of the Proletariat. The Communist Party in their edition of Marx's *Gotha Programme* attempt to prove that Marx did not mean what he said when he predicted the "revolutionary dictatorship of the proletariat" as the only possible transition between capitalism and Communism. Grandmother Kautsky for some years now been proving the dictatorship to be unprofitable, from the point of view of Marxism. Our Socialist Party publishes in their new weekly, the "New Leader," February 16, 1934, another diatribe against Lenin for being so violent and fanatic and militaristic in their dictatorship—and Kautsky in his ally says it for them. In the "New Leader," January 19, 1934, Hillquit undertakes to demonstrate the incorrectness of the dictatorship—also unwillingly to admit that to destroy a capitalist dictatorship is the only way to revolution and dictatorship may be necessary.

A Lie Scotched.

It is about time that we once for all scotched this snake, or rather, this viper and overtook the lie in and preach the dictatorship of the proletariat, consistently and unflinchingly. Hillquit says that Marx merely "coined the phrase"; Kautsky calls it a "single word" in the abstract; Hillquit says that Marx merely "coined the phrase"; Kautsky calls it a "single word" in the abstract. # Wallace Organizes Research Council For Pulp Bosses

By A. G. BOSSE

(Special to The Daily Worker)

WASHINGTON, D. C., April 25.—The Northeastern Research Council, has been announced by Secretary of Agriculture Wallace to finance the forest experiment stations of the New York and New England so that the pulp industry will not have to worry about their paper pulp supply. The council is largely made up of lumber owners and representatives of the lumber industry and state forest services of the region.

The council is not for research, but merely to consider the best means of stripping the forests so that the food of advertising may not cease. The house building industry will receive some attention in rationing their lumber. In fact, the pulp wood interests Wallace is working with recently assisted in rationing their lumber. Representatives of the Lumber Workers' section of the Industrial Workers of the World in Maine to prison for one to two years.

# False Americanism And Bigotry In U. S., Says Cal. Schoolman

(By The Federated Press)

SANTA CRUZ, CALIF., April 25.—A. C. Wood, California superintendent of schools, who kept the Better America Federation's program out of the public schools, paid his respects to the state of the nation at the convention of California school principals. "As a result of wartime propaganda," says Wood, "America today is the victim of false Americanism and bigotry." He gave as an instance the case of Washington conference, where the thought of reactionaries that liberal thought in teaching made the schools hotbeds of radicalism.
