THE "FEAR POLICES" LIES Textile Trust Hit By New Jersey Walkout

GARVEY DAMPER ON KLUX FIGHT IS CRITICISED

Workers Party Urges Militant Attitude

Failure of the convention of the Universal Negro Improvement Association, no meeting in New York, to take a determined attitude in opposition to the Ku Klux Klan, is criticised in a statement issued by the Central Executive Committee of the Workers Party of America and released for publication today.

The statement in full reads: To the Fourth Annual International Convention of the Universal Negro Improvement Association (Meeting at Liberty Hall, New York):

BROTHERS AND SISTERS: We address you on the question of your attitude toward the Ku Klux Klan.

You have already passed a set of two resolutions on the Ku Klux Klan, setting out the position that you intend to maintain toward that organization, as follows:

1. "Resolved, That the fourth international convention of the Negro peoples of the world regards the alleged attitude of the Ku Klux Klan to the Negro people as a gross insult to the feelings of the majority of the white race towards us, and places on record its conviction that the only solution of the crucial situation is that of the Universal Negro Improvement Association, namely, the securing for ourselves as speedily as possible a government of our own on African soil."
2. "Moved, That if shall be the policy of the Universal Negro Improvement Association to protest."

CHARLIE HUGHES CAN TEAR HIS HAIR AGAIN! RUSSIA RESTORES RELATIONSHIP WITH MEXICANS

MOSCOW, August 13.—Another victory has been added to the list of Soviet Russia, with the official announcement that relations between Mexico and the Workers' Republic have been restored. Negotiations had been carried on in Berlin. Mr. Petkosky has been named Russian envoy to Mexico City.

Big Biz Backs 'Bob'

LAFOLLETTE'S PROGRESSIVISM SCARES NO ONE

By JAY LOVESTONE.
(Third Article).

Railroad presidents, traction magnates, insurance company heads, public utility bosses, bankers and bond sharks have been rendering generous approval of LaFollette's "progressive" schemes.

On many occasions LaFollette's much-vaunted "Wisconsin Plan" worked so well for the big bosses that the "regulated" business interests and public utility operators of the Badger state have been glad to give good jobs to the LaFollette "regulators."

The record is replete with instances where the members of the state commissions, set up to prevent the monopolies from becoming a public menace, have been well taken care of by the same rindly denounced monopolists.

With all his bitterness against trusted industries, a bitterness giving rise to political panaceas born out of a total failure to understand the development of economic forces, the facts of LaFollette's career weave the conclusion that he has done more talking but even less acting against these same cursed trusts than some of his reactionary colleagues with whom he has been working in the republican party for more than forty years.

Exploiters Welcome Bob's Program.

Under these circumstances it is not surprising that Theodore Roosevelt, writing on "Wisconsin—Safety of Prosperity," in LaFollette's Weekly of June 3, 1911, declares:

"They made it evident not merely by words, but by deeds that they would not for one moment sanction any pandering to class hatred or any unjust assault on property rights. A big railway official, before I entered the state, had casually mentioned to me that if he had a just cause there was a tribunal in the country before which he would rather present his case than the Wisconsin railway commission."

Socialist Attacked Program.

Let us for a change, listen to the Honorable Daniel Hoan, the socialist mayor of Milwaukee, who has just jumped on the LaFollette band wagon. In Hoan's pamphlet, entitled "The Failure of Regulation," and once officially circulated by the socialist party of America, we find the following glowing tributes paid by big business interests to the LaFollette "progressive" program:

"John L. Berges, the general manager of the Milwaukee Traction Company at the time, and concededly the shrewdest" (Continued on Page 6)

REEVE RETURNS TO TELL ABOUT HIS EVICTION

McCarthy and Hogan Are Among Speakers

The striking carbuilders in the Western Steel Car company plant, at Hegewisch, are more enthusiastic than ever, after a futile effort of the management yesterday to break the ranks of the strikers by spreading fake rumors.

The strikers elected an enlarged strike committee at their meeting yesterday, which was one of the largest and most spirited held since the strike began.

Karl Reeve, who was rounded out of Hegewich by four policemen on Tuesday and told never to come back, spoke at yesterday's strike meeting as did Jack McCarthy and Edmond K. Hogan, organizer for the Brotherhood of Railway Carmen.

Fifth Week of Strike.

Growing desperate at the complete stoppage of production and the determination of the strikers to carry the strike thru to victory, the company started the fifth week of the strike by bringing the Chicago police to their aid.

The employment manager, P. H. Conlan, was out in front of the gates right and early yesterday morning, telling the strikers not to go to the strike meeting. Conlan told them that Jack McCarthy of the DAILY WORKER and Ed. Hogan were going to desert the strikers. The strikers, however, refused to listen to the false rumors of Conlan, and flocked down to the strike hall.

Reeve told the strikers how the Chicago police had sent him out of town after he went into the Western company plant to get the inside news of conditions.

"Conlan admitted that the plant is completely shut down," Reeve said. "He said there is a million dollars worth of material in the yards waiting for the striking steel workers to assemble it."

"THE DAILY WORKER will continue to tell you to stay out on strike, to organize, and to fight for better living conditions and more wages. Your organized power, if any one tells you I went inside the Western Steel Car company for any other purpose, is rather new. I have been the DAILY WORKER he lies," Reeve declared.

Jack McCarthy made an appeal for the workers to join the Brotherhood of Railway Carmen. "The aprit shown by the strikers in the face of the lie spread by the company this morning shows that you are sure to win," said McCarthy.

The strikers then elected a committee to see that all the men who have been laid off by the strike are supplied with food and money to allow them to continue striking.

Ed. Hogan, who is in charge of the strike representing the Brotherhood of Railway Carmen, told the strikers what stores are friendly to the strikers and what stores are antagonistic to labor. Hogan told the carbuilders to patronize, and get their friends to patronize only those business men who are sympathetic to the strikers.

SIXTY NEW SILK MILLS SHUT DOWN AS WORKERS JOIN PATERSON STRIKE

BULLETIN.
(Special to The Daily Worker.)
PATERSON, Aug. 13.—Sixty additional mills just closed down here as hundreds of workers followed the lead of their mates who struck yesterday under the leadership of the Associated Silk Workers Union. The total number of mills now completely tied up are estimated at 370.

The police have not as yet interfered much with the carrying on of the strike with the exception of one strike who was arrested for picketing the mills. The judge, however, released him on the payment of a five dollar fine.

PATERSON SILK WEAVERS WALK OUT ON STRIKE

Thousands Leave Shops Under Union Lead

(Special to The Daily Worker.)
PATERSON, N. J., Aug. 13.—Scores rivaling those of the 1913 textile strike were to be seen here today as thousands of silk weavers left hundreds of shops in response to the strike call issued by the Associated Silk Workers Union which had been empowered by the workers to bring on the walkout.

More than 2,000 of the workers gathered in the strike hall yesterday, and while thousands of others remained outside clamoring for admission into the packed assembly, James Stuart Poyntz of the Workers Party addressed the strikers amid wild applause.

While this is the first strike of the silk workers since 1913, they came out of their shops more cheerfully and in greater numbers than in the strike of the National Militia halted in front of the Red Flag and brought his hand up in salute.

That the astounding demonstration of three days running has put the fear of the revolutionary workers to the heart of Mussolini is evidenced by his immediate order for the concentration of the National Militia. He no longer is willing to depend upon the carabinieri, who have fraternized with the masses and united under the leadership of the Communists in a popular mass protest against Fascism.

Expect Further Developments.

The situation has become greatly intensified in the last few days, which coupled with the cold-blooded and brutal murder of the Socialist deputy Matteotti, may lead to sharper developments in Italy.

BIG LABOR DEMONSTRATIONS IN ROME FLARE UP AGAINST MUSSOLINI'S DICTATORSHIP

(Special to The Daily Worker.)
ROME, August 13.—"Down with Fascism!" "Down with Mussolini!"

For the first time in three years, tens of thousands of workers, men and women and children, marched defiantly thru the streets of Rome, red flags streaming from staffs, and the streets lined thick with people shouting welcome to the spontaneously organized demonstration against Mussolini and his black Fascism, which was led by the Communists, who the Italian dictator thought he had drowned in blood.

MUSSOLINI DEFIED

Heading straight to the Palazzo Chigi, the official mansion of the Fascist ministers of the interior and of foreign affairs, marched the masses, singing loudly the revolutionary battle songs of the working class, the Red Flag and the Internationale. As the standard bearers marched by with the crimson banners, old men and women knelt and wept. Emotions which had been choked for years were given vent to.

From all sides, women flung red carnations and roses at the squadrons of the Young Communist League members who marched in military formation at the head of the demonstration.

On reaching the government buildings the demonstrators shouted defiance to Mussolini and his black-briberies, and the National Militia ran away on all sides. Fearing that the masses were armed, they took the easiest way out of being subjected to the pent-up feelings of vengeance of the terrorized workers.

SOLDIER FRATERNIZE.

The carabinieri, to the amusement of everyone, did not make the slightest move in the direction of attacking the demonstrators. In many places they even fraternized with them in the Piazza Colonna, the government cavalrymen joined hands with the marchers. A lieutenant of the National Militia halted in front of the Red Flag and brought his hand up in salute.

AMALGAMATED CLOTHING WORKERS GAINING IN PHILADELPHIA STRIKE

(Special to the Daily Worker.)
PHILADELPHIA, Aug. 13.—The strike of the 2,000 members of the Amalgamated Clothing Workers of America here is slowly coming to a successful conclusion. The shops controlled by the union have now settled, accepting the conditions demanded by the strikers. Eighteen non-union shops are expected to settle in the next few days, and the creation of an unemployment fund similar to the one in New York and Chicago.

The demands of the workers included the closed union shop; a 15 to 20 per cent increase in wages; elimination of the union dues; sanitary conditions in the factories; and the creation of an unemployment fund similar to the one in New York and Chicago.

A. F. OF L. FEARS NICARAGUAN WAR AGAINST AMERICA

Report Terrified About "Social Unrest"

(Special to The Daily Worker.)
WASHINGTON, Aug. 13.—The executive council of the American Federation of Labor has lined up solidly with the cause of American imperialism in Nicaragua by its indorsement of a report on the situation there by Harry Truman, special commissioner for the Pan-American Federation of Labor, Gompers' paper toy.

Offer Free Suggestions.

The report, which has been called to the attention of the Department of State by vote of the council, is kind enough to give its suggestions as to how to keep the workers in meek submission without endangering the position of the American imperialists in that country. After commenting on the fact that the workers are practically without a vote because of the refusal of the American Federation of Labor to give the franchise in the national congress to concur in the improvement of the electoral law, the report suggests:

A. F. of L. Fears for Bosses

"Unless these at present disfranchised people are permitted to vote in the coming election there is danger of a return to power of class reactionaries, and the social and economic unrest, which may at any time develop into violent resentment."

Report is Usual Junk

This appeal to the United States government by the American Federation of Labor is very touching. It is notorious that the Chamorro family which rules Nicaragua is the puppet of the American State Department, and the A. F. of L. memorandum will leave the Nicaraguan workers just where they were before.

AS WE SEE IT

By T. J. O'FLAHERTY

AMONG the things the British Labor Government could have done says the New York Nation, is the publication of war documents. But such action would expose the secrets of His Majesty's government and that would never do for Macdonald, who is a good Christian-socialist, which means that he will keep tight with the capitalist class even though he may be obliged to betray the workers a little once in a while. Only the most class-conscious bolsheviks were so lacking in decency as to let the skeleton out of the czar's closet even before the czar himself became a skeleton.

Another civil war is threatened in Asia, this time over the right of women to have their hair bobbed and to wear knickers. This is surprising, considering that Mexico has a reputation for pulling out revolutions with out giving the regular thirty days notice. It is reported that Samuel Gompers called the matter to the attention of President Coolidge when the latter addressed the executive committee of the Federation in Atlantic City. Gompers is said to have invited Coolidge to review one of the many beauty contests that take place in Atlantic City hoping that the sight might induce him to look with more favor on the bankers and capitalists as well as themselves from the chains of convention. Gompers sets most of his inspiration on the board walk.

Otto Kahn, the banker, delivered a pretty address on art at the annual dinner of the American Federation of Arts here in Washington on May 25 of this year. Mr. Kahn is a subsidizer of art. He says art is valuable to the people and by the people he means the bankers and capitalists as well as (Continued on page 2)

ATMOSPHERE FOULED WITH POLITICAL OFFAL OF TWO MORGAN TWINS

(Special to the Daily Worker.)
WASHINGTON, Aug. 13.—President Coolidge will put his speech containing his solution for the property, confounding the United States on the other tomorrow night. Twelve high power radio broadcasting stations will be used to send Cal's message into every section of the country.

Coolidge suffers a serious handicap in having to apologize for Daugherty, Fall, Dewey and Burns. His Democratic opponent will be kept busy explaining his relationship with Morgan. All in all it will be a merry campaign.

MacDonald Beaten In Communist Attack

By CHARLES ASHLEIGH (Special Cablegram to the DAILY WORKER)

LONDON, August 13.—Because of the indignant and angry protests of the rank and file of the British working class, the fake "labor" government of Ramsay MacDonald has been forced to back water on its shameful raid on the British Communist Party headquarters. The first step in this direction was taken by the withdrawal of the spurious charge against John Ross Campbell, editor of "The Workers' Weekly," official organ of the Communist Party.

Scare Australian Gov't Into Relief Act

By W. FRANCIS AHERN.

(Associated Press Staff Correspondent.)

SYDNEY, N. S. W., Aug. 13.—"Give us rooms! Charge it to the government!"

Clerks in the swellest hotels of Sydney looked at the invading hosts of the city's unemployed and didn't know what to do. The jobless men then marched from the richly carpeted lobbies into the exquisite dining halls where Sydney's most fastidious profiteers and their women were consuming lavish delicacies.

Charge It Up.

"Give us the same and charge it to the government," the unemployed told the mingling waiters.

Then things happened in the government offices which was on the way, both for the unemployed and for the shocked and contaminated profiteers.

Because the New South Wales anti-labor government refused to find food, shelter and work for the unemployed, they organized committees to arrange for their own relief.

After several invasions of the swell hotels, the business interests of Sydney approached the government and begged something be done for the unemployed to keep them from invading the hotels and mixing with society guests. The government set aside grants of money for food and about providing work.

Appeal to MacDonald.

A large number of the unemployed and starving are immigrants from the United States and on behalf of these the following appeal was made to Ramsay MacDonald, Labor prime minister of Great Britain:

"Mass meetings unopposedly decided cable you to take up the case of the unemployed in Great Britain. No local help; position desperate."

The federal government also decided to take some steps to help unemployed and destitution. A grant of \$1,500,000 has been made for work on national roads.

Send the unemployed know how to get results.

Last Chance for Evolution.

ALBANY, N. Y., Aug. 13.—At the close of the hearing for and against removing from the public schools of California, text-books teaching evolution, the school board of education dodged the issue by referring the matter to a committee made up of the presidents of nine colleges in California. A motion picture on this committee is to determine the question. Five of the nine colleges are under denominational or other religious control.

H. C. L. FALLS ONLY ONE-HALF PER CENT IN YEAR; JOBLESSNESS GROWS

(Special to the Daily Worker.)

WASHINGTON, August 13.—The cost of a wage earner's budget is down less than 1/2 of 1 per cent in June, 1924, according to the latest cost-of-living survey of the United States department of labor which shows the cost still 69.2 per cent above 1912. The report shows wide variation in extent of change in the cost of living in the chief cities. The cost of living in Detroit is 84.4 per cent above 1912 while in Savannah it is 52.7 per cent above the pre-war level. The per cent increase in other cities cost: Boston, 63.2 per cent; Buffalo, 73.9 per cent; Chicago, 72.6 per cent; Cleveland, 75.9 per cent; Los Angeles, 78.1 per cent; New York, 72.1 per cent; Portland, Ore., 82.2 per cent; San Francisco, 57.3 per cent; Seattle, 66.7 per cent; and Washington, 59.2 per cent.

Why Workers Party Calls for Fight on Klan

(Continued from page 1) against the brutish and atrocious alleged to be perpetrated upon the members of the Negro Race by the Ku Klux Klan or by any other organization."

Before passing the foregoing resolutions, you defeated a substitute proposed by Mr. Wright and another that the brutishes and atrocities perpetrated upon the members of the Negro Race by the Klan be condemned. The debate indicated that this substitute was defeated partly because it stated plainly that brutishes and atrocities are perpetrated by the Klan, while the second resolution passed speaks only of such brutishes and atrocities "alleged to be perpetrated" by the Klan.

First—That the Universal Negro Improvement Association offers the Negro people no program for meeting the atrocities of imperialism in the United States, except the plan for securing a government in Africa.

Second—That the Universal Negro Improvement Association refuses to say that the Ku Klux Klan is guilty of crimes against Negroes.

The Workers Party of America, through its National Executive Committee, fraternally requests you to reconsider the above action. We believe that if this convention falls to pass any resolutions attacking the Klan, boldly accusing it of its crimes against the Negro people and laying down a concrete plan for combating them, we will have failed in our duty to the Negro people and to the working class generally.

The terrorizing of the Negro in America is not simply a local matter. It is a part of the world-wide effort to degrade the Negro and to establish the "principle" that he is "inferior" to the white race.

The Workers Party of America, in its fight against the Klan, is a class instrument of capitalist society, doing everything in the service of the capitalist system of exploitation.

What is the supreme interest of the capitalist class in regard to the Negro?

To exploit the Negro is the first object of the capitalist class. All other objects are subordinate to this supreme object: to extort wealth out of the toil of the Negro as well as out of his white fellow-worker.

The capitalist class of America has decided not to fight for the equality of the Negro in the United States against the degraded and criminal Klan organization.

The pride and courage of the brave black people struggling for liberation in Haiti and the other island republics and colonies will not be increased by learning that the Universal Negro Improvement Association has decided not to fight for the equality of the Negro in the United States against the degraded and criminal Klan organization.

The hundreds of millions of Chinese and other yellow and brown peoples of Asia are struggling now to destroy the white ruling class and to overthrow darker peoples. Their courage will not be improved by learning that we will not openly contest the claim of the white race to this country of two million Negroes.

This is an international fight. The Ku Klux Klan is the American phase of an international movement to combat the Ku Klux Klan in America is a surrender of one sector of a world-wide battle front, bringing injury to all concerned in the struggle for liberation.

Don't Remoralize the Fight. We are daily aware that the best members of your organization know perfectly well that the Klan is no friend of the Negro, but that it burns, hangs, tortures and terrorizes Negro, women and children.

We know furthermore that no matter what position the convention may take on the subject, the American Negro will have to fight the Klan. The members of your organization, especially those in the industrial and working class, will have to fight the Klan, which is not only against Negroes, but also against the working class.

Our objective is to organize members who will not fight the Klan, but that your failure to declare a program for fighting it will tend to demoralize the fight against it.

As evidence of this tendency, to demoralize the fight, we point out that some of your delegates in the debate expressed the belief that your organization will gain certain toleration, if not actual help, from the Klan in return for your specific attitude toward the Negro people.

Negro people that they are not the only people suffering from oppression. The brutish and atrocious alleged to be perpetrated upon the members of the Negro Race by the Ku Klux Klan or by any other organization."

There are some who think that because the Klan hates the Negro, the Klan will be glad to get rid of the Negro by encouraging a large migration to Africa.

To say who may think this way will say that the Klan hates the Negro, not to get rid of him, but to keep him working in the cotton fields and the work shops, and to suppress any aspiration the Negro may have to escape exploitation.

We are now that the Klan's hatred of the Negro has an economic basis. The Klan is an expression of the American capitalist class, or at least of the petty capitalist class, and it is utterly unable to act in any way that is not in the interest of capitalism.

The interest of capitalism is to create hatred of the Negro, and the Klan set itself to do this. The interest of capitalism is to rob the Negro of political, social and economic equality so as to make him easier to exploit; and therefore the Klan set itself for this purpose. The interest of capitalism is to maintain a caste system, as an aid to the class division of society, and the Klan set itself to do this.
