AS WE SEE IT
By T. J. O'PLAHERTY.

HENRY FORD has come out with a broadside in favor of the Ku Klux Klan. It may be more than a coincidence that Ford's Klan statement was made shortly after the firer manufacturer had a conference with Coolidge. "It is the truth we are about the Ku Klux Klan. It would be looked up to as a body of patriots," said Henry. There may be methods in Henry's madness. It is known that many firers are used by the hooded Kluxers when on their tarring and feathering crusades. Perhaps Henry is taking no notice of the fact that several millions of Kluxers would provide him with plenty of customers.

ACTIVISTS and militants are fighting it out at the Institute of Politics, Williamstown, Mass. Oswald Garrison Villard, the good natured liberal, who never seems to realize what battleships were built in the name of the American navy. Grizzled admirals and rear-admirals went for the pacifist. They denied that the navy was used to collect money. Villard knows it does, but apparently does not know that it is one of its chief functions.

VERY interesting raid took place here in Chicago a few days ago. The raiders were Federal officials. They raided the federal building and went away with the evidence. A secret service operative who had charge of the work of rounding up evidence for use against the hold-up party participated in the raid. A national mail robbery at Roundout, Wisconsin, when \$2,000,000 in money and securities were taken from the bank. The accused man, William Fahy, had a reputation second to none, for locating postal thieves. He it was who secured the evidence against "Big" Mike Murphy, the Dearborn station robbery. Fahy might say that he was only following the leadership of his chief, Harry Campbell, and got away with \$2,000,000 in the Coolidge administration. If Will Denby and the rest of them could sell out the country to fill pits and get away with it, it was worth taking a chance on \$2,000,000.

THE MANCHESTER Guardian announces that the Prince of Wales may announce his intention of getting married after he returns from his American tour. The Prince is causing considerable anxiety among the best American families who have marriageable daughters and lots of money to purchase a title. Here is a big prize. American millionaires have purchased kings, princes, dukes and other aristocrats before this, but not a heir to the British throne does not happen along every day. Faggy Zoy could easily cash a Swedish check but it takes real money to buy a young British king.

STATES ATTORNEY CROWE is nothing if not inconsistent. After making a vulgar display of his professed belief in God, and his belief in the resurrection of the dead, he sentenced to death when Judge, the criminal entered a plea of guilty. Crowe said that he sentenced Fitzgerald to death for his "crime" of "my logical to blame the Catholic religion for the murder of which Fitzgerald is guilty as a nation's reason." Let us note Crowe's critical tendencies to the fact that he is a professed atheist. But Crowe is a cheap, self-advertiser and cares nothing for logic or consistency.

THE only thing we can think of that may be to President Coolidge's credit is that he does not play golf. But it appears that he is not addicted to this vice, because of a healthy instinct. He was not playing golf, not being a golfer. When asked if he plays golf on Sunday, the president said: "My grandmother was a Baptist. He evaded such a trifling question."

Chicago Speeds Campaign Work

PUSH PETITIONS, NEW SUBS AND PARTY MEMBERS

Much Interest Is Shown in Straw Votes

Drive forward for the biggest smash at capitalism yet registered by the Communist forces in the United States!

This was the spirit of the enthusiastic gathering of the Chicago membership of the Workers Party addressed by Joseph Blumenthal, the party's campaign manager, and Earl R. Browder, member of the party's Central Executive Committee.

Three Big Party Tasks.

Three big important duties for the moment were given thorough and successful consideration as follows:

First—The gathering of thousands of signatures to put a complete ticket on the ballot for the first time in a national presidential election.

Second—The getting of thousands of subscriptions for the DAILY WORKER, so that it can carry the Communist message daily into hitherto unreachied fields.

Third—The winning of tens of thousands of new members for the Workers Party, from among the millions of America's working class.

Straw Votes in Favor.

The plan of taking straw votes among the workers in the mills, mills and factories, was also greeted enthusiastically and will be pushed energetically. These straw votes are the only votes that will indicate the real trend of working class sentiment in this campaign. They will be published regularly in the columns of the DAILY WORKER. A blank for this purpose appears on another page.

Ways and means for immediately mobilizing the whole membership of the party for activity in these important tasks were presented by Manley and Browder, and also by Martin Aher, chairman of the meeting, who led the discussion. A blank for this purpose appears on another page.

Broder Demands More Readers.

Broder stressed the need for greater activity in Chicago to get readers for the DAILY WORKER. A new subscriber for the DAILY (Continued on page 2)

LOEB AND LEOPOLD DESERVE NO MERCY SAYS BOBBY CROWE

"Loeb and Leopold deserve no mercy," yelled Robert E. Crowe, prosecuting attorney in summing up his case. Crowe invoked the spirit of the famous highbinder, Theodore Roosevelt, to whom that Teddy was not in favor of commutation of the death sentence of one John W. Burley.

Crowe insisted that Darrow's speech had been a mass of sophistry and that only he, Crowe, knew what was talking about. He maintained that the master of Robert Franks had been committed for the money involved and not because a pituitary gland had sprung leak.

Judge Caverly will take a few weeks off to digest all the evidence in the case. He will announce the date for which it is set on September 10.

MINERS READY TO MEET FIRE OF KU KLUXERS

Angered by Murder of Mexican Digger

By KARL REEVE. (Staff Writer, Daily Worker)

DOWELL III, Aug. 28.—Despite the fact that Mayor Gus Blair, of Murphysboro, has come to the aid of the Klan, and that deputy sheriffs in town have received threatening letters signed K. K. K., the citizens of this town are armed and prepared to protect their homes from further Klan outrages.

They declare they will resist the invasion of their homes, the shooting of their citizens and the terrorizing and gun-toting which the Ku Klux Klan has been practicing here for the past two weeks.

K. K. K. Shoots.

Mrs. Louis Gomer, wife of the man murdered by the Klan last week, interviewed and photographed by the DAILY WORKER, today, said she has no money. Louis, her husband who was shot by Tom Heese, a cowardly Klansman, had about \$500 in the family home but had provided for his family, but Mrs. Gomer said she has no money with which to keep up payments.

"I have been lying around the house, bewildered," Mrs. Gomer said. "My baby is sick and I don't know how I am going to provide food for them."

"Louis Gomer was a Mexican, true," said Joseph Stimbogel, deputy sheriff of the town. "But he was a naturalized American citizen, a veteran of the Spanish American and of the World War. Louis was a good lad, who never did anyone any harm and (Continued on page 2)

EXPOSE SECRET INSTRUCTIONS TO SHERMAN SPIES

Absolute Secrecy in Manipulations

(Fourth Article.) (Special to The Daily Worker)

NEW YORK, Aug. 28.—Brigadier General Charles Gates "Fascist" Dawes made a speech the other day in which he was supposed to have condemned "secret organizations."

But that was only the way the capitalist newspapers put it—actually, he endorsed any secret organization providing only that it fight organized labor.

This open shop vice-presidential candidate on the republican ticket could not denounce secret organizations as long as they fight the workers. The whole national republican committee is an organization whose inner machine wraps its motives and intrigues and financial affairs in profound secrecy. The national committee of the republican party conceals from the people as a whole and from the workers at large the huge campaign donations made by big business.

Secret Organizations of Big Biz.

Even the request made by the United States senate upon the republican national committee to disclose how the Big Five meat packers have kept the republican party since 1920 is ignored—and the amount kept secret. These conspiracies of capital against the organized and unorganized workers are the stock in trade of the (Continued on page 2)

TRANSPORT WORKERS INTERNATIONAL DEVELOPS STRONG BRITISH-DUTCH LEFT WING AT HAMBURG CONGRESS

(Special to The Daily Worker)

HAMBURG, Aug. 7 (By Mail).—The International Congress of the Transport Workers' Unions was opened today with representatives from 55 unions, of 28 countries, representing over 2,000,000 members.

The opening speech was delivered by the general secretary of the Transport Workers' Union of Great Britain, Robert Williams, who severely condemned the Dawes plan.

Dawes Plan Denounced.

Robert Williams said: "This plan has been devised to protect the interests of finance capital and when enforced will lead to the further raising of the working masses. The so-called stabilization of the European economic system will be paid by the workers with a terrific price."

Continuing the speech Williams expressed an emphatic protest against the attempt to denationalize the German railroad against the plans to cut the wages of the German railroad workers, and in general against the enslavement of the workers of Germany by international capital. These protests by Williams were heartily approved by the delegates.

In conclusion, Williams remarked: "But it is only to be wondered at how the leaders of the international labor movement could so readily accept the Dawes Plan."

Favors Admission of Russia.

Speaking about the Russian transport workers union joining the international organization, Williams expressed the hope that in the very near future the Russian unions will establish close connections with the Transport Workers International. It is according to the resolutions passed by the Vienna Congress of the Amsterdam International.

Regarding the invitation to the International Propaganda Committee of (Continued on page 2)

SILK STRIKERS DENOUNCE S. P. DAILY FORWARD

Strike Committee Hits Yellow Sheet

By H. M. WICKS (Special to The Daily Worker)

PATERSON, N. J., Aug. 28.—True to its record of betrayal of that part of the working class that falls under its influence, the notorious Jewish Daily Forward, controlled by the rabid Bolshevick-baiter, Abe Cahán, endeavored, in a recent article, to create division in the ranks of the Paterson silk strikers by raising the anti-Communist issue.

Its failure to injure the strike was an humiliating affair as its effort was contemptible.

This time its yellow appeal to ignorant prejudices acted as a boomerang, as the strike committee of the Paterson silk workers, in a hot protest, correctly alienated Cahán and his whole crew with the lowest of capitalist pro-bolsheviks.

The reply of the strike committee told Cahán: "If you are not paid the same as any other paper that slanders the workers when they are engaged in a desperate struggle against the avarice and greed of the capitalist class, you are scabbing upon the paid capitalist class."

In the long, tedious preparation for the silk strike, during which period the Communists of Paterson were most active, the socialist party politicians were never heard from, because most of the remnants of that party in Paterson are petty bourgeois manufacturers who have interests as opposed to the interests of the mill slaves. They covertly tried to belittle the efforts of the Associated Silk Workers' Union into the committee by allowing a strike against the multiple-long system, because most of them were sweating their slaves under this identical system.

But when the strike was called and the response was such as to insure its success, and when the Communists, who had worked day and night during the arduous preparatory work, took prominent places on the strike committee, the yellow socialists then tried to get into the committee by allowing promises that the Jewish Daily Forward organization would use its money and influence in the interest of the strikers.

A group of small capitalists, carrying credentials from the local socialist party, appeared before the strike committee and boasted of the great opposition of the Forward and assured the committee that their organization would assist the strikers. But just before leaving, the spokesman said there was just one little thing he had forgotten—the fact that the socialist party should be permitted to have three members seated on the strike committee.

This request was refused point blank.

Yellow Rate Enraged.

Infuriated at the failure of its political henchmen to impose themselves (Continued on page 3)

COMMUNISTS EXPELLED IN GERMAN ROW

Dawes Plan Caught in Political Whirlpool

(Special to The Daily Worker)

BERLIN, Aug. 28.—So vigorous and effective is the Communist opposition in the Reichstag to the Dawes Plan that a squad of detectives entered the House to compel the Communists to leave the building.

This is the first time in the history of the Reichstag that such action has been taken, and shows to what extremity the government is driven in its efforts to put the Dawes Plan through.

While the plain clothes men were swarming into the chamber, the Communists sang the Internationale. The government lost out in the first vote on the Dawes Plan, when the banking, industrial and railroad bills, included in the Dawes Plan, failed to receive the necessary two-thirds vote.

Owing to the opposition of the Communists who continued to press their demand for further balloting was postponed until tomorrow. There is scant hope that the Dawes Plan will be passed in the Reichstag. The government threatens to sign the London agreement whether the House passes it or not.

It is expected final action will be taken on the Dawes Plan tonight.

LEGIONAIRES FEAR FOSTER'S IOWA MEETINGS

No Violence Against Him Now, They Say

William Z. Foster, who left last night on a trip thru Iowa, Nebraska, Missouri, and southern Illinois, to carry the message of Communism in the residential campaign, has received notice from the American Legion that they are watching him.

"Reddest Red is Coming Here to Talk Sovietism," is the headline in the "Iowa Legionaire," published by the American Legion in Des Moines.

Legionaires Worried.

"All loyal citizens realize the danger to society from even a few converts to the insanity he preaches," says the Legionaire.

In view of the traditional methods of mob violence and Fascist action by the Legion in the past, against those whom it considers "dangerous," there was some talk about attempts being made to prevent Foster from speaking. But the officials of the Legion have denied that such things will happen.

"No effort will be made," says this paper, "to keep Foster from coming, but the effects of his visit will be watched closely."

Question Cautious Attitude.

Whether this cautious attitude expresses a fear that to act against Foster would arouse more support for Communism, or whether it is merely to establish an alibi, while the rough stuff is piled up, the rank and file, remains to be seen.

While the Legion fumes and fuses, the interest in Foster's meetings continues to grow. Large crowds are predicted in all the mid-western cities where Foster speaks in the next few days.

NICARAGUA AGENTS OF WALL STREET CALL FOR UNITED STATES MARINES

(Special to The Daily Worker)

WASHINGTON, D. C., August 28.—The state department today received a request from the conservative forces in Nicaragua for the sending of a detachment of United States marines to the Central American republic to preserve order during the forthcoming election.

DAILY WORKER SPECIAL ISSUE OFF TONIGHT

The Special Communist Campaign Edition will be running off the press tonight: After 6 p. m., unless you have your order already in, it will be too late and you will not have taken advantage of the great opportunity to strike a nail into the coffin of capitalism on this day your share in preparing the minds of the American working-class for the coming of the Soviet Republic of the United States.

Orders Coming in.

City Centers, branches and individuals are sending in orders and not alone party members are ordering bundles but sympathizers.

All branches of the Workers Party have now done their duty, however. This is the last day to act. Send in your order by wire.

The capitalist parties have plenty of money to spend on advertising. They can shoot their bullets over the ether into the homes of the workers. Coolidge, Davis, Hoover and Bryan, La Follette and Wheeler, can afford to pay high prices to the radio trust for sending out their postcards.

The Workers Party must depend on the voluntary assistance of its members.

Order now! The campaign number sells for five cents a copy. Bundle orders sell for 34 cents. Wire your order to THE DAILY WORKER, 1113 West Washington Street, Chicago, Ill. Orders will be taken up until six o'clock this evening.

SIX POWERS WATCHING BIG NEGRO MEET

By ROBERT MINOR (Staff Writer, Daily Worker)

NEW YORK, August 28.—Liberty Hall, the rambling one-story frame building with a seating capacity of 5,000 which has become known as the center of the meeting place of the Universal Negro Improvement Association convention in New York, is today the center of a concentrated fire of the diplomatic guns of at least three great world powers. If not this of the most powerful governments of the world.

The startled fear with which the great capitalist government view any organized movement among the suppressed colored races anywhere in the world, is illustrated with almost ludicrous sharpness when the combined French, British, and American governments—with perhaps the Belgian, Spanish and Italian governments lending a hand—under cover of a name of the consul-general of the little Negro state of Liberia, are issuing diplomatic documents denouncing the Negro convention in New York as "incendiary."

Issue Incapable Note.

A diplomatic note just given out at Washington at 11:30 a. m. is incipied by the Great Powers and signed by (Continued on page 2)

UNITED STATES WARSHIPS WILL SHOOT CHINESE FOR U. S. BANKERS

(Special to The Daily Worker)

WASHINGTON, D. C., August 28.—Warships were being made at the navy department today for the concentration of naval forces in the Far East for the protection of American interests in China during the revolution now directed at Shanghai.

THE BOSSES' FAULTY PLAN TO CUT WAGES

Miners Absent From Herrin Meeting

By TOM TIPPETT (By The Federated Press)

The cleverly laid plans of the Illinois coal operators to bring consideration of a wage reduction before the Illinois mine workers failed insofar as the public meeting arranged by them to discuss the same...

Every speaker who alluded or implied that the coalowners must take a cut in wages to remedy a "deplorable situation" was scolded...

Wants to Bust Union

Dr. F. C. Homard, of Chicago, president of the Franklin-Williams Coal Operators' association...

Let's Cut Out of Bag

Following speakers let the cat out of the bag by openly declaring with emphasis that the mine was not a wage cut. Herbert Taylor, head of the Taylor coal company in southern Illinois...

Ignores Deflation Problems of Farmer In Irrigation Plan

WASHINGTON, Aug. 28.—Dr. Elwood Mead, the new commissioner of the bureau of reclamation, has reported to Secretary of the Interior...

Speaker J. Louis Engdahl

Editor of THE DAILY WORKER, and Workers Party Candidate for U. S. Senator.

SOLIDARITY WINS MEXICAN TEXTILE WORKERS' STRIKE

MEXICO CITY.—The general solidarity strike of Orizaba which was called in order to support the demands of the textile workers...

Another solidarity textile strike that was called to support 250 workers who had been locked out by one of the seventeen large textile mills operating in the state of Mexico...

company sells the coal operators, but this item went into operators' hands. The Central Illinois Public Service company sells electric energy to 40 southern Illinois towns...

Since 1918, Clayton said, his company has spent \$9,000,000 in extension of the plant and development of it. It was possible to generate one kilowatt hour of electricity with two of the old before superpower from 12 to 16 hrs. were required...

Only Miners to Benefit

It was made plain that the miners alone must benefit from the plan that business men, lawyers, coal operators, railroads and billion dollar public service companies can live...

Unemployment Situation

The unemployment situation in the Herrin field is acute. Out of a membership of 4,000 miners 2,170 were unemployed in the past three months...

Find Potential Readers

Browder, in making his plea to the members to work hard within their next few months to get wider readers for the DAILY WORKER, said:

"The getting of new members goes hand in hand with the getting of new readers to our daily paper. Every straw vote in the shops can be used to make new readers for The Daily Worker...

Comrades Working Hard

"The biggest and most important job just now," said Manley, "is getting those comrades who are working hard and have some excellent reports of progress in this work."

PITTSBURGH WORKERS IN MOVE ON SPY

T. U. E. L. Brings On Speedy Action

(Special to The Daily Worker)

PITTSBURGH, Pa., August 28.—At last the Pittsburgh labor movement is going in the right direction to rid itself of the notorious stool-pigeon and labor spy, Robert W. Beattie...

But this was not done until the local branch of the Trade Union Educational League had written Beattie asking him to resign and file how long it intended to have in offices men who were in the paid employ of their worst enemy, the boss.

After three hearings on the trial board, Beattie decided to resign and cease expulsiion and the publicity the case might receive in trade union publications. This was too much for the delegates to swallow, although Hick-

son, president of the Central Labor Union, and Nelson, acting secretary, decided to have the resignation accepted.

In the discussion that followed delegates stated that they were under instructions from their local union to put down the strike of the coal miners as a result of the T. U. E. L. leaflet, and that the membership demanded action. It was pointed out that not only Beattie, but the movement of Pittsburgh was on trial before the workers of this country. Nelson did not listen.

Nelson an Old Faker

He is the same gentleman who represented the carmen in the high strike in May, when the mayor got \$25,000 to put down the strike of the carmen. Nelson was shown that the strike-breaking paraphernalia he went in for demanded that the mgs call off the strike.

On the motion to defer action on Beattie's resignation until the executive board reports on the charges his reactionary friends did not have the courage to vote for it.

The trial so far has cost the workers nearly \$1,000, and their self-sacrificing devotion to the cause of the workers, had won their places of leadership in the strike, the local socialists were told to sneak in for the purpose of sowing suspicion.

CHICAGO SPEEDS CAMPAIGN WORK

(Continued from page 1) WORKER and a new member for the party is our big task in this campaign.

Browder told the gathering that, with practically no campaign what-so-ever, the membership in the general putting the Workers Party in the position of an important political party in this country.

"These meetings are very important. We must organize to make them a tremendous success. The Chicago meeting must be the greatest meeting of the entire campaign, and we should work to pack the biggest hall in Chicago.

"We have not given our imagination enough away with the tremendous possibility of these meetings, comrades," he said. "Everything our candidates say is broadcasted in the newspapers throughout the country. Think what significance this will have in building our party."

"I can report to you that Massachusetts has already succeeded in getting the necessary signatures and will be on the ballot. Rhode Island is on the ballot. New York has a tremendous job, but the comrades are working hard. There are 12,000 signatures. New Jersey and Pennsylvania will go on the ballot. Getting Pennsylvania on the ballot is a big victory for the party when you consider what a fight we have had in the coal mining districts of the state. Maryland will go on the ballot. There are 12,000 signatures of Comrade Ella Reeve Bloor, Colorado is being swung into line and we expect that state to report soon on the ballot. Washington state is on the ballot."

"And do not forget that the DAILY WORKER is the real force in this campaign. Every comrade should get them into the shops and factories and give them the widest possible distribution."

Bare Secret Instructions to Spies

(Continued from Page 1)

republican party. The chairman of the national committee of the republican party is exposed as having hired scores of private detectives, stool pigeons and spies to spy on the workers to have them worm their snaky way into the textile workers' unions of New Bedford, Mass.

"The rules and regulations of our organization exclude even one's closest friends and families from any knowledge as to the details of any assignment a representative may receive."

"In referring to any worker (being spied upon) give that person's name or working number, otherwise give a detailed description of him so as to aid in identifying him. (So he can be fired and blacklisted.—Editor.)"

"The rules and regulations of our organization exclude even one's closest friends and families from any knowledge as to the details of any assignment a representative may receive."

Silk Strikers Denounce Socialist Daily

(Continued from page 1)

upon the strike committee, the Forward, on last Saturday, published a vicious diatribe against the alleged "Communist" political party. The diatribe was signed by the "Socialist" Forward, and was a direct attack on the silk strikers against political enemies and a direct attack on the Communist movement.

"The next move of the discredited Forward was the attack in the Forward, under the name of the Socialist Party, on the silk strikers. The committee resented this sort of impudently drafted the following reply, which we print in full."

"Editor Jewish Daily Forward, New York City: "Our attention has been called to a translation of an article that appeared in your paper on Saturday, Aug. 23, containing a series of statements, accusations and innuendoes that are wholly uncalculated and unfounded in any way."

"You say, in effect, that Communists are playing politics in the strike, and have your accusations upon alleged facts. The fact is that the Workers' Circle, thus far your publication is the only one that has even mildly suggested that the strike is not a political party. Not even the enemy press of Paterson has resorted to this sort of subversive propaganda against your party."

"Manley reported that the Foster-Gilroy meetings were doing remarkably well. They were attracting big crowds, they get an enthusiastic response, forcing their way in big publicity on the front pages of the newspapers. The membership in the general putting the Workers Party in the position of an important political party in this country."

CANADIAN MINERS REFUSE TO TAKE WAGE REDUCTIONS

Point to Huge Profits of Coal Operators

CALGARY, Alberta, Aug. 25.—The coal miners of District 15 will have nothing to do with the double-dealing Dominion minister of labor, James Murdoch, and have told him so to his face. The federal labor minister has been in the district attempting to induce the miners to return to work under terms acceptable to the mine bosses, but the miners' scale committee refused to accept his proposals that the strike be settled on the basis of one-eighth reduction of the wage scale existing last March when they refused, Murdoch accused them of not having a proper regard for the rights and interests of the public and declared the strike was not justified.

Amazing Profits Made
The balance sheet just made public shows that the mine bosses have made amazing profits during the past two years. The Crown's Nest Pass Coal Co. gave out figures for 1922 and 1923 as follows:

Profits from all sources for 1923 were \$33,176, as compared with \$21,959 in 1922. Operating costs and coke operators netted \$47,689 in 1923, as against \$10,930 in 1922. The company declared dividends amounting to \$12,579 and put \$14,474 in its surplus account. The operating surplus of two subsidiary companies totaled \$2,877.32.

At the meeting at which the company's balance sheet was read, the directors feared that the present strike of the miners would seriously cripple this year's dividends and lamented the fact that pressure could not be brought to force them to return to the mines.

Hold Service for Unknown Hoboes in California

(By the Federated Press.)
SAN FRANCISCO, Aug. 28.—Under the auspices of the International Brotherhood Welfare Ass'n. (the "Hoboes' Union") memorial service was held in San Francisco for an unknown number of itinerant laborers who were burned to death when a barn in which they had been used for sleeping near Knights Landing, Yolo county, was set on fire. Twelve bodies were recovered, but is believed that many more were completely destroyed. The funeral services were conducted by Arthur S. Howe, president of the local association, with a Catholic priest, a Jewish rabbi and a Protestant minister participating.

PREDICTS DOWNWARD TREND OF WAGES FOR NEXT 10-15 YEARS; LULL IN FALL IS TEMPORARY

By LELAND OLDS (Federated Press Industrial Editor)

Your wages are due to follow a decided downward trend lasting for 10 or 15 years. That is the prediction of C. J. Hill, of the Babson statistical organization, in an address on "The Labor Outlook for 1925" delivered before the annual Babson business conference. Any improvement in employment conditions and a cessation of wage cuts during the autumn and early winter should not blind labor to the fact that its deflation will continue.

"Already thru the country in a rapidly increasing area," says Hill, "wage reductions are being recorded by our statisticians. Last month for the first time in two years wage cuts exceeded in number the wage increases reported. And the recent wage increases have all been more or less confined to two major industries—building trades and transportation. Of course, it is impossible to anticipate the situation during the next few months. It is entirely possible, if business picks up, that this fall and winter may see a temporary cessation in wage reductions and even some wage increases. But these will be only temporary."

Want Downward Readjustment.
Hill reflected the employers' point of view when he said that European competition by cutting production costs and that means in part labor costs, and that Europe which will compete with us is a Europe of low wages and long hours, and that in Europe there has always been found labor which will work long and cheap.

Coolidge's Bunco Game.
The significance of Hill's suggestion that autumn may see a temporary halt in this process of deflating labor is brought out by President Warren S. Stone of the Brotherhood of Locomotive Engineers, who raises the question whether big business can bounce labor into supporting Coolidge by engineering an artificial wave of prosperity just before the election.

"Early last winter," he says, "we warned our members that there would be a depression all along the line and then in the early autumn everything would commence to advance. Business would become good, and an effort would be made to sweep the Republican party in on a wave of prosperity. Whether or not it will materialize and whether or not the rank and file of the working people will be uncooled by the old slogan that has been worked so many times and called the 'fall dinner pail' remains to be seen."

Business indicators are beginning to show signs that some social political maneuvers is to be attempted. The

SCAB LOSES SUIT AGAINST UNION; DESERTED STRIKE

Court Decision Rules Can't Use Unions

By MARTIN A. DILLMAN (Federated Press Staff Correspondent)
ST. LOUIS, Aug. 28.—Miss Nellie Mays, former member of the United Garment Workers, has lost her suit against the St. Louis local for \$10,000 damages, which she claimed was due her because the union ousted her from membership and posted her as a "scab" when she deserted her shopmates during a bitter strike here in 1920. In effect, the ruling in the case handed down by Circuit Judge Kilborn, decides that labor unions cannot be sued as organizations in Missouri.

Bosses Help.
The suit was brought upon a statute enacted in 1915, at the instance of the Merchants' and Manufacturers' Association, for the purpose of permitting injunction suits against labor unions involved in strikes. Judge Kilborn says the statute is unconstitutional because it is indefinite and might cause abuse of the process of justice. It is expected that Miss Mays will receive ready assistance from big business in carrying her case to higher courts.

SOUTHERN MILL SLAVES HAVE MORE WORK TO DO THAN NORTH BECAUSE THEY WORK FOR LESS

By LELAND OLDS (Federated Press Industrial Editor)

Why did cotton mill workers in Massachusetts get an average of only 87 hours employment during July while employees of South Carolina mills averaged 248 hours? Because South Carolina mill owners can get 60 hours of work a week out of the average spinning room operative for a total of \$13.14, while the Massachusetts competitors pay the same class of workers an average of \$18.72 a week and get only 48 hours work that. So the activity of the cotton industry is steadily shifting to southern states where a class of industrial serfs in the mill towns has as yet failed to join the movement of organized labor against gross exploitation.

Wages Low.
Cotton mill wages have always been decidedly low. In 1923 women workers were earning as low as 11 cents an hour, or \$5.39 a week, while the average for the entire industry, men and women employees included, was only 14.5 cents an hour, or \$5.52 a week. The average wages of typical occupations in 1913 and 1924, as reported to the department of labor, were:

	Per Hour	Per Week
Speed tenders (male)	\$0.115	\$0.394
Spinders, frame (male)	.143	.369
Slasher tenders (male)	.142	.351
Weavers (male)	.170	.449
Other (male)	.151	.347
Speed tenders (female)	.153	.411
Spinders, frame (female)	.128	.319
Weavers (female)	.164	.423
Trimmers (female)	.111	.268
Other (female)	.123	.295
Entire industry	.148	.372

South Lower Than North.
These low wages are averages for the country as a whole, combining the cooie wages of the south with some-what higher wages paid in northern textile centers. According to the Wall Street Journal, wages in southern mills average from 25 per cent to 50 per cent below those paid in the north. This means that the people get no advantage of about 7 cents a pound on standard goods. And recent reports indicate that within a month mill wages in the south will have been established on a 10 per cent lower level than has prevailed during the past year.

The situation in this industry illustrates the irresponsibility and tendency of private ownership to expand the productive power of an industry beyond the possible requirements of consumers. The workers can not get the full benefits which are supposed to come from their increased productivity under modern industrialism.

New Miners' Hall.
BRADY, Va., Aug. 28 (Sunday, Aug. 31).—The new miners' hall, built here of the new miners' hall, built to replace the one which was burned by mine guards on the occasion when the "scab" had a good line of great attendance of miners is anticipated.

MINERS WAR ON KU KLUXERS

(Continued from Page 1.)

There was no earthly reason why the Klan should have shot him. Today a load of Klansmen stopped their car and told me they were going to 'get me, but as long as I am deputy sheriff of Howell I am going to protect the citizens from the rowdy Klan element.' Even Sheriff Attacked.
The deputy sheriff has a crippled arm caused by an attack on him by a gang which he drove away after being shot, fighting with only one arm.

Reese is Caught.
William Davis and William Green, special deputy sheriffs, caught Reese at his home near DuQuoin, Perry County. They were determined that Reese would not get away on a self-defense plea, as it freed Reese's father, who killed a man in the same cowardly manner two months ago. The elder Reese was freed.

FARM MACHINERY IS SHIPPED FROM U. S. TO RUSSIA

Shippers Can't See It As Hughes Does

NEW YORK, August 28.—The Coolidge administration refuses to recognize Soviet Russia, the United States shipping board, which needs paying cargo, is freighting 5,000 tons of American agricultural implements to Russia at the instance of the American Trade Corporation, the sole agent in America of the Russian state import and export bureau.

Million Dollars' Worth.
The Soviet agricultural machinery purchases are being out on the steamship Nobles, bound for Novorossisk, on the Black Sea. The shipment includes 1,000 tractors and additional parts, besides plows and other implements. It is valued at about a million dollars.

This is the largest shipment of American tractors destined to Russia. It was hastened by the drought and poor crops in the Volga and other affected regions, and is part of the agricultural restoration work carried on by the Soviet government thru the introduction of intensive farming.

Distributed by State.
The tractors will be distributed by state agencies.
Labor Temple in New Orleans.
NEW ORLEANS, August 28.—The New Orleans Labor Temple will be dedicated Labor day. Among the speakers will be Archbishop John W. Shaw and Dr. Kelly, vice president of the Mexican Federation of Labor.

Co-operation Succeeds.
OKLAHOMA CITY, Aug. 28.—Thru their co-operative stores the farmers of Oklahoma are securing this season two million pounds of binding twine.

LABOR TO FIGHT FOR HEALTH BILL DOWNED BY N. Y.

Workers' Health Perils Disregarded

(By Federated Press.)
NEW YORK, August 28.—When the Rules Committee of the New York state assembly killed five occupational disease amendments to the New York Compensation Act, proposed by the Workers' Health Bureau and endorsed by the painters' building trades bodies and central labor council of New York City, it stung a challenge at the labor movement, which was taken up at the New York Federation convention that sat in Schenectady from August 29 for a week.

Lives in Danger.
These five amendments would compel employers to pay compensation to many thousands of victims of chemical poisoning and red dust who would fill so many hospital beds at their own expense or on public charity. The present compensation law of the Empire state gives no protection to industrial victims from the following causes covered in the proposed amendments: Poisoning from benzol and other coal tar compounds; poisoning by chlorine, bromine, or iodine derivatives of petroleum products, such as T. N. T.; poisoning by gasolene, kerosene, turpentine, etc.; poisoning by carbon monoxide or inflammation due to cutting compounds, oils, dust, liquids, fumes or gases; silicosis, or lung injury due to breathing dangerous silica (quartz dust).

Tens of thousands of workers are poisoning as the result of silicosis, according to Dr. Frederick Hoffman, a nationally known authority on occupational diseases, in a statement issued thru the Workers' Health Bureau. The condition of silicosis means that the lung tissue has been cut up by the edges of rock dust. It is a permanent disease, the first stage, "huffer's consumption," striking workers at every wheel; "miner's consumption," that hits rock drillers, result from the silicosis condition; that prevails generally among these classes of workers. The present law gives them no compensation.

OUR DAILY PATTERNS

A REASONABLE STYLE. A SIMPLE PRETTY FROCK.

4335. Jersey cloth in a pretty shade of brown was selected for this design. The stiffness is in black yarn. This style is also good for combinations of material. A very dressy dress could be constructed from Paisley silk and velvet.
The pattern is cut in 4 sizes: 6, 8, 10 and 12 years. A 10-year size requires 2 1/2 yards of 36-inch material.
Pattern mailed by any address on receipt of 12c in silver or stamps.
Send 12c in silver or stamps for our UP-TO-DATE SPRING AND SUMMER 1924 BOOK OF FASHIONS.
Address: THE DAILY WORKER, 1113 W. 4th St., Chicago, Ill.
NOTICE TO PATTERNS: The patterns being sent thru the DAILY WORKER are sent thru the publishers' office. The publishers' office is not responsible for the accuracy of the patterns. The publisher's office does not keep a stock of patterns. The publisher's office does not receive orders for patterns. The publisher's office does not receive orders for patterns. tended to the king and queen of Fascist Italy and pogrom-ridden Roumania. The much-heralded Snowden budget has turned out to be only a cut in taxes for the capitalist class.

In the realm of foreign policy MacDonald's compromise mightily chose the old Lord Palmerston, whose career was so well analyzed by Karl Marx.

Of course, one may cite the recognition of the Soviet government as a sure sign of the socialism of the British Labor parliamentarians. This is nonsense.

A Working Class Issue

Point after point had been conceded. Heaven only knows how many shrewd analysts had been made to the original class. It was a shameless and a magnificent clause fourteen, the last stumbling block at this stage of the negotiation.
