Boston Store's Goose-Step Aid

BUSINESS MEN, MILITARISTS IN 'DEFENSE' MOVE Day Is Compared to War Time Call

That the big business interests are the ones who are really behind the drive for Mobilization Day on September 12, is evidenced by a circular, posted in the Boston Store, one of the biggest of the State Street Department Stores, which has just reached the DAILY WORKER.

The Boston Store circular, Woodman, "The World's Business Establishment, reads: "In the year 1916 you were called to Arms for a Preparedness Day. In 1917, you were called to Arms for War. In both occasions the employees of this store responded in number, demonstrating their patriotic spirit."

The circular continues: "ON SEPTEMBER 12th, 1924, YOU WILL BE CALLED TO ARMS FOR A DEFENSE DAY DETAIL."

Free Lunch For Patriots The employees of the store will form on Dearborn Street at 11:30 a. m. on the morning of September 12 and march to Grant Park, where a luncheon will be served free of charge. (Who is paying for these free lunches?)

The State Convention of the Illinois American Legion unit, at Campagna, Defense Day was also endorsed after Gen. Charles N. Martin, assistant chief of staff of the United States Army denied that the day was in any way a militarist move.

Male Gets It Away Unfortunately for the soundness of this statement, Maj. Gen. Harry C. Hale, commanding officer of the sixth army corps area, in an address before a luncheon held by the Rotary Club at the Sherman hotel here, spilled the beans by saying: "Let America show its patriotism on September 12. Let's give the world the word of how we stand."

Defense Day is intended to show "the world—that is, the importance of other nations,—that the United States is ready at a moment's notice to defend the peace and interests of its capitalists in any country, on any sea, in any island.

Orghen to Speak. MEXICO CITY, Sept. 2.—The Mexican Congress convened today to hear a message from President Orghen before it goes into session as an electoral college to proclaim the next president of the republic, Calles.

YOUNG WORKERS LEAGUE TO HAVE CELEBRATIONS ON INTERNATIONAL YOUTH DAY IN ALL LARGE CITIES

On September 7th, International Youth Day, the young workers of all lands will hold mass demonstrations under the auspices of the Young Workers League of America together with the cooperation of the Workers Party. A few of the meetings and speakers are as follows:

Chicago, Northwest Hall—Speakers: J. Williamson, Earl Browder and J. Louis Erdahl.

New York City Speakers: J. Staley, S. Tracy and William W. West.

Detroit, Mid-Spacer, John Edwards.

Springfield, Ill. Speaker, Oliver Carlson.

SEYMOUR G. PARKER WILL BE MORGAN'S BILL COLLECTOR IN EUROPE

PARIS, Sept. 3.—Seymour Parker Gilbert of Washington, D. C., has accepted the post of reparations agent general in Germany under the Dawes plan, and will succeed Owen Young, who is occupying the office temporarily.

ILLINOIS MINE, EMPLOYING 190, NOW CLOSED UP

Other Industries Also Increase Jobless

(Special to The Daily Worker)

MURPHYSBORO, Ill., Sept. 3.—The Mine No. 2 of the Consolidated Coal Company employing 190 men, shut down yesterday, adding further to the acute industrial depression in this town. The No. 3 Mine has been threatening to suspend for some days the Murphysboro party vainly trying to keep the people fooled into thinking the mine was going to continue operation thru the winter. Just three days ago this business men's paper came out with a front page headline, "Mine No. 3 may be working all winter." However this is small comfort for the workers now that the mine has actually closed down for the winter at least.

Bad Conditions Everywhere. The Mobile and Ohio railroad cars here have been laying off men to Murphysboro, 136 being laid off a few weeks ago. The other industry of the town, the Brown shoe company, while it is working part of its force, hires only young girls, paying them \$9.00 per week.

Business conditions are bad. The only mines working are the Blair No. 3 mine, employing 10 men, the utility mine, employing six men, which works three days, and the No. 10 mine of the Consolidated, employing 70 men which works three days per week.

Insurance Companies Relieved. GILSON, Sept. 3. Fire broke out on the Spanish cruiser Victoria-Eugene, but was controlled after a struggle.

SERIOUS CHARGE IS PREFERRED AGAINST U. S. ARMY PRIVATE

MANILA, Sept. 3.—Frank Cola, a private in the 31st Infantry, of the Philippine subdivision of the Illinois miners' union, will also have a status of the progressive element. It is as follows:

For president, Henry Corbishley, Local 952, Ziegler, Ill.

For vice president, Ross White, Local 3160, Seeger, Ill.

For secretary, Frank Johnson, Local 2376, Christopher, Ill.

For legal adviser, Charles R. State, Local 3160, Senors, Ill.

For district board members: Tom Connors, Local 303, Orient, Ill.

Stanley Miller, Local 303, Orient, Ill.

PROGRESSIVE MINERS PICK STATE TICKET

Hindmarsh Will Oppose Farrington

(Special to The Daily Worker) SPRINGFIELD, Ill., Sept. 3.—Following directly upon the heels of Frank Farrington's announcement that he would run for re-election as president of District 12, of the United Mine Workers of America, comes the news of an opposition slate by the progressive element within the union.

Hindmarsh vs. Farrington. Running against Farrington for the presidency of the district is his opponent in the last election, John Hindmarsh, of Riverton, Illinois, one of the most outstanding progressive figures in the state.

Discontent with the Farrington-Fishwick regime has been rising here ever since the open alliance against all progressive measures that was made between the district president and the international president, John L. Lewis. The rank and file of the miners in District 12 are aroused over Farrington's growing concern over the welfare not of the miners, but of the coal operators; his bitter fight against the Farmer-Labor Party movement; his failure to do anything to fight against the terrible scourge of unemployment, and his general reactionary record.

PROGRESSIVE DISTRICT TICKET. The slate of the progressive miners for the entire district ticket is as follows:

For president, John Hindmarsh, Local 754, Riverton, Ill.

For vice president, E. B. Hewlett, Local 303, Orient, Ill.

For secretary, J. Louis Centaurium, Local 303, Orient, Ill.

For auditor, Jack Gartschore, Local 303, Orient, Ill.

For auditor, Dick Swift, Local 3613, Valer, Ill.

For auditor, Andy Young, Local 705, O'Fallon, Ill.

For special accountant, Joe Angelo, Local 413, Springfield, Ill.

For legislative committees, Tony Shragle, Local 392, Johnston City, Ill.

For international board member, T. C. Mason, Local 303, Orient, Ill.

Dawes Still Silent

NOT only the DAILY WORKER, but all Chicago daily newspapers, have been trying for days to get a statement from Charles Gtes Dawes, the republican candidate for vice-president, on the outbreak of the Ku Klux Klan at Herrin, Illinois. But he refuses to talk.

"Mr. Dawes will not talk to any newspapers. He doesn't want to talk to the newspapers. He won't discuss the Herrin matter."

No direct quotation of Dawes' views on the murderous outbreak of the Ku Klux Klan in Williamson County has yet appeared.

One week before the outbreak at Herrin, Dawes endorsed the activities of the Williamson County Ku Klux Klan.

Now he is silent. It is a confession that he feels himself a guilty partner in the blood-spilling, the first victim of which was a union coal miner, member of the United Mine Workers of America.

OPPOSITION TO JUNIOR HIGH SCHOOLS GROWS BIG SUCCESS Parents in Injunction Writ Plea

In spite of bitter opposition on the part of parents whose children are to be transferred to other and crowded schools at that the Harper school, 6307 S. Wood St., may be transformed into a Junior High school—an opposition which has the backing of the organized labor bodies of Chicago—officials of the Board of Education, with the help of police, yesterday organized the classes of the Harper school on the basis of the Junior high school system.

Hearing on the writ of injunction obtained by parents to prevent the transfer of their children was postponed until Friday morning.

Charles M. Underhill, president of the Board of Education, yesterday opened fire on the Chicago Teachers Federation, which he accuses both of its attempt to organize both for the transfer and the consistent bias which it has waged against the introduction of the platoon and junior high schools.

Supervising Mr. Andrew, in his annual report, had a few stinging shots into the camp of the organized teachers, whom he characterized as "st-hoed and undisciplined minority."

With the disturbance attending the opening of the schools, the long continued fight of the Chicago Teachers Federation and other organized labor bodies, against the introduction of the platoon system to the schools of Chicago is expected to come to a head.

This is really the fight of Margaret Haley, business agent for the Teachers Federation, and other determined school boys away from the superintendent and the board of education," said Mr. Underhill.

The platoon system has been branded by organized labor bodies as meaning "a revival of the ancient caste system, the subalternating of children of better and other organized income from the factory door, the wadd of infamy upon productive workers, a false economy harmful to the welfare of the community."

The overworking and underpayment of school buildings, which has prevented Mr. Underhill's report to be in no time but the school year is now practicing by the rich, which is robbing children of the year of their right educational opportunities. Chicago labor bodies claim.

DELOS DUTY CLIPS KLAN Hood on Len

Len Seems to Think Headgear Fits Him

Governor Fears Thompson

Small was in this city two days ago conferring with William Hale Thompson, former mayor of Chicago, who is now at Joliet, Illinois, where he has been charged the latter has picked Fred Lundin as his representative in Cook County.

The governor is afraid that Thompson's hostility may cost him thousands of votes in Cook County. He also knows that if he chooses Thompson the Lundin gang will give him the absent treatment on election.

Such is the dilemma in which the crooked politician finds himself. Small has not yet made it clear whether he is a klanman or not. But State's Attorney Delos Duty of Williamson county declares that to the best of his belief Small is a Klansman. Duty ought to know what he is talking about. He is a capitalist politician.

Small is reported by the LaFollette crowd for governor. LaFollette has the Klan in order to gather in the anti-Klan vote, knowing that the hooded ballots would be cast in all probability for Coolidge. Small does not know of the existence of the Klans, and he does not want to lose the anti-Klan vote by making public knowledge of his own affiliation.

This is the position the double-faced capitalist politician, Len Small, is in. This is the man who is supposed to be the enemy of Frank Papp, Marion LaFollette, the man who proposes to clean out the Augean stables in Washington.

The atrocities perpetrated on the workers of Illinois by the hooded and acting in the name of the coal operators and other capitalists do they bother Mr. Small. Neither do they trouble the anti-Klan Frank Papp, president of the United Mine Workers of Illinois.

Small's only concern is getting the vote. He is a politician who can have his fingers on the polls.

Wouldn't Be Surprising. The workers of Illinois who know of the Klan in order to gather in the anti-Klan vote, are particularly interested. And until Small proves that Delos Duty's charge is baseless the workers will have no opinion of the man who is supposed to be the friend of labor, is a member of the hooded order.

The Klan Inquiry. HEERIN, Ill., Sept. 3.—In a court room where the fight against the Klan is standing guard with bayonets fixed, Coroner McGowan today opened the inquiry into the deaths of six persons in the rioting here Saturday.

When the inquest opened, quiet, which seemed almost ominous, prevailed.

Less than 20 persons were in the court room. Sheriff Galligan and his deputies had not been summoned. The absence of Galligan was explained by Capt. Bigelow, commanding the militia detail, here, who said he would call on the coroner in the hope of averting trouble.

The inquest, which had been held at a probable production not only added to the Klan's sensational testimony, passed without special incident. The Klan and its sympathizers were not present, but they gave their various versions of Saturday's disorders. These showed wife discrepancies, but it had been concluded by the coroner's version of the entire affair is probably unknown.

YOUNG WORKERS LEAGUE MEMBERS! ATTEND YOUR MEETING HERE TONIGHT

Interest is growing in the membership meeting of the Young Workers League of Chicago, at which decisions of the last congress of the Young Communist International will be reported upon by Oliver Carlson, for two years a member of the executive committee of the youth international.

The meeting will be held tonight, Thursday, at 722 Bell Island Ave., 8 p. m., and admission will be by no means small. The Young Workers League members are invited, but they also must present their re-credits.

THE PRINCE OF WALES danced to jazz music until 1 o'clock in the morning, while war-eyed reporters wandered over Long Island, New York trying to locate him. Nervous night city editors waited with watch in hand hoping that a good prince story would come in before the deadline. But alas! The American public was not able to read a detailed story of the prince's jazzy gyrations! For once he escaped the press. We warn His Royal Highness however, that it is not good politics to disappoint his followers so often. If he does, the runs on American warships may be elevated so they can shoot farther than the guns on His Royal Highness' war ships.

WILE H. R. H. is in the United States indulging in the tropical chess and other fine arts. America is returning the compliment. We learn that the American season in Scotland will be after the work until the King and Queen and the American ambassador take up their residence in the Highlands.

MR. and Mrs. J. Pierpont Morgan are at Agassanough lodge. It is a very pretty place, so they say. There is good shooting and fine fishing. Morgan is tired after his work on the Dawes Plan. He needs a rest. He can afford to take a vacation. Already the German workers are turning the Dawes' Plan into dollars for him.

THE COUNTESS OF ANCASTER, formerly Elsie Bresser of New York, is holding successful shooting parties at Drayton. The report does not say what the shooting was about, but we hope no birds got hurt. Snails cost money but the countess' American was eleven hours into an angry and more patient and they work like little 160 per centers in the mills, mines and factories operated by the Countess' profits and pleasure of the Countess. Most of her slaves will vote for Coolidge, Davis and LaFollette in the coming election. When they begin to vote the Communist ticket in great numbers the Countess had better sell out and go somewhere else if there will be any place to go to by then, except some place where naughty Countesses are compelled to work or fight.

THIS may seem silly, but there is no better propaganda than keeping the workers informed of the activities of those they toil, ten, ten or twelve hours a day for. When a worker is bending over a machine or swinging a pick down in the bowels of the earth or repairing tracks out in the blaine area, or steaming a ship's furnace in the boiling heat, what a revolution would be created in his life if he only could see the parasites in white coats and suits who are in his life away, trying to kill time at some pleasure resort? The society columns of the capitalist press contain good propaganda for Communist agitators.

GLARA SMITH HAMON WIFE OF HARDING'S BACKER KICKS TRACES

LOS ANGELES, Sept. 3.—Glara Smith Hamon, who shot and killed Jake Hamon, Oklahoma oil magnate and politician, is plaintiff against John W. Gorman, motion picture producer, in suit for divorce on file here today. Extreme cruelty is charged.

Mrs. Gorman was acquitted of Hamon's killing in the trial a few months later, marrying Gorman after a whirlwind courtship in August, 1921.

Special New York Issue

The special New York-Gitlow-Campaign issue of the DAILY WORKER will be dated September 4th and will be on hand Friday morning, September 5th, in the Jimmie Higgins Book Shop, 120 W. 4th St. Every reader of the DAILY WORKER should call at the book shop for a bundle at 2c a copy, to help boost the New York campaign and particularly the meeting of Comrade Gitlow, our vice-presidential candidate. The entire front page of this issue will consist of special New York matter.

SMALL HIRING UNION LEADERS AT SCAB WAGES Jobless Diggers Forced Into Convict Labor

By KARL REEVE. (Staff Writer, Daily Worker) CHRISTOPHER, Ill., Sept. 3.—Thousands of miners in this part of the state are forced to work like convicts, making cement roads at the scab wages of from 35 to 45 cents an hour, for Governor Small, who is busy trying to make good his name as the "Good Roads Governor."

Miners Curious. I found the miners cursing Len Small for the paltry non-union wages he hands out, and Frank Farrington for indulging in Small for the miners in the coming November elections.

Miner Finds Work Terrible. "I worked for a few days on state road construction at Albion," Ralph Gardner, a miner, said. "I almost died working in the hot sun in the cement. I received for my pay two dollars a week and my food was had to quit in a few days. I am used to the hardest work in the mines, but I don't get a rub when I work on the road."

Miners Forced by Unemployment. The work in Illinois is generally hot in the summer in this part of the state, so hot that gardens and corn crops dry up. But there were several hundred men who had not been able to get a job for months, forced to starve or work like convicts for a few cents.

When I was in Dixon, Tom Parry told me "The only work available around here now is on the state road at the edge of the town. This is hard work for the miners, who are used to the sun. Besides that, they are forced to do non-union work which is even harder to do."

Endorsed by Farrington Anyway. The Small has been chosen as an unfair to organize in this town, and when he is paying the miners such poor wages for the hard work of road building.

Fare Thee Well, Luis. WASHINGTON, Sept. 3.—The labor department has ordered action looking to the deportation of Luis Firpo, Argentine fat singer.

LEOPOLD TO SEARCH ANSWERS TO RIDDLES IN THE HEREAFTER

It appears that the prospect of death isn't phasing Nathan Leopold for one minute. If the interview he is handing out to the capitalist papers can be taken as a basis. If he is to wear the rope necktie, he proposes that he will carry out his wish to search for knowledge in the hereafter.

CHICAGO KOSHER BUTCHER STRIKE REPORTS GAINS

Third Day of Strike Brings Settlements. On the third day of the strike of the kosher butchers of Chicago, the "report" says that the strikers have held a meeting with the union.

The men are out on strike for an indefinite period. They are working for a reduction of one-half hour each day in their hours of work. At present the kosher butchers receive \$15 a week, they work from 6:30 to 7:00 hours.

Work Long Hours. The men work from seven in the morning until five in the evening, except on Thursdays, Saturdays and Sundays. On Thursday they work until 11 p. m., and on Saturday, they work until 12 o'clock.

Organize Picket Line. Today, Sunday, Sept. 3.—Governor Wallace Farrington said five companions went to safety here after a narrow escape from drowning when he and his party were in the water.

Prisht With Irish-Yiddish Cognomen Gets Papal Title. LAPORTE, Ind., Sept. 3.—The Rev. Fr. Prisht, pastor of Sacred Heart Church, Michigan City, has received from Pope Pius XI thru the Most Rev. Louis Barabara, the Latin patriarch of Jerusalem, the decoration of commander of the Military Order of the Holy Sepulchre.

Caught at Last. BETHLEHEM, Pa., Sept. 3.—Wm. Frank Hammond, 29, in jail today, police believe, who was arrested after committing a series of robberies here in the last six weeks.

RUIM DICKS KEEP WINKITS OFF THE PRINCE'S PARTY

Bootlegger's Army Is Good Bodyguard

By Ye Society Editor. LONG ISLAND, New York, Sept. 3.—(In the Prince of Wales' Entourage.) "The prince rose late today. Small wonder if he was drunk as the prince was last night you would not wake up this side of the day of judgment."

One advantage of traveling with the prince is that it guarantees immunity from raids by prohibition agents. So formidable is the army of bootleggers that hangs around the prince's quarters that they are afraid of the King to make them drop their bottles.

When informed that Ramsay MacDonald was on his way to Geneva, the prince said, "I'm not a good scout, but he doesn't dance."

The prince smiled. "If he is, so is your Morgan," was the reply. "We are having a jolly time in Old England. But we are afraid of the Communists. However, let us drink and dance and be happy while we may."

The prince danced last night until 2 o'clock at the home of Henry R. Wood. His being rather tipsy for the prince to retire, he went over to the Astor home and danced until the sun's rays made the brilliant artificial light disappear.

CALL ON UNIONS TO ENDORSE W. P. TICKET IN N. Y.

(By Federated Press.) NEW YORK, Sept. 3.—The Workers Party, which is campaigning William Z. Foster and Benjamin Gitlow as candidates for Governor of New York is issuing a call to all local unions to attend a ratification and endorsement conference, Sept. 14 at Stuyvesant Casino.

Many Will Endorse. Harry M. Wintzky, campaign manager for the Workers Party, declared that many local unions would endorse the Workers Party ticket. He said he did not regard the endorsement which certain cities have given other candidates as expressive of the rank and file of all the unions.

Need 50,000 Signatures. The task before the campaign workers include the getting of 50,000 signatures during the coming month and the organization of meetings. Plans are now being made for a public meeting Sept. 9, at the Central Opera House; Gitlow appears in West New York on the 11th; Bridgport on the 12th; Springfield, Mass. on the 13th and Boston on the 14th, 15th and 16th.

PAXTON HIBBEN NOW HERESTY INQUIRY FOR SOVIET AMITY

(Special to The Daily Worker) NEW YORK, Sept. 3.—Captain Paxton Hibben, noted as an officer in the U. S. Reserve Corps, is now the subject of an inquiry by the United States Army because of his alleged "chauvinism."

Hibben is well known for his friendliness to the Russian Soviet Republic and for his activities on behalf of the "chauvinism" of the workers' republic, are the basis of the charges against him.

Altho Brig. Gen. William Barclay Parsons, president of the Board of Inquiry, has invited Capt. Hibben to take the stand and talk over his beliefs and connections with the board members. Hibben has refused, demanding the right of obligatory evidence to be presented first.

The only evidence yet given has been a paper of a reporter on Hibben's assailing American imperialism in articles in Central America and its war preparations on Defense Day.

GITLOW MEETING WITH SUCCESS IN EASTERN TOUR

Speaks in Cleveland on September 7th. The Workers' Party is now in the midst of a great political struggle. Proofs of this can be seen in the fact that the Workers' Party meetings now being addressed by its vice-presidential candidate, Benjamin Gitlow, in his first Eastern tour.

Conrad Gilow, starting in New York, has held meetings in Trenton, N. J., Richmond, Va., Washington, D. C., Reading, Pa., Scranton, Pa., Binghamton, N. Y., Buffalo, N. Y., and Rochester, N. Y.

At the Rochester meeting just held, the speaker was met by a large audience was present, in spite of the fact that the meeting took place on a Saturday night. The large audience was especially noticeable in that it included LaFollette as being anti-labor, he was applauded. When he included LaFollette as being anti-labor, the audience cheered.

Gitlow denounced the candidates of the republican and democratic parties as anti-labor, he was applauded. When he included LaFollette as being anti-labor, the audience cheered. Gitlow's exposure of the Dawes plan and his arraignment of the fake pacifism of the United States government will have an extremely beneficial effect upon the Workers Party in the future. New members were taken in, and the cause of the Workers' Party was extended.

On the following day Gitlow spoke at a meeting in Cleveland. He was held under the auspices of the Finnish branch of the Workers Party. Hundreds of miners and their families were present, and they gave an enthusiastic response to our Communist candidate and the party program.

As a result of the tour, he is experiencing all the trials and tribulations of a working class political campaign. To make many of these meetings, he has to resort to various methods of conveyance, not having at his disposal a private Pullman as have the candidates of the old parties.

New Oil Investigation. WASHINGTON, Sept. 3.—A new oil investigation, the exact nature of which has not been stated, is being conducted today by the federal grand jury, under the direction of Atlee Pomerene and Owen J. Roberts, the government's special oil counsel.

Morgan Hunts More U. S. Suckers to Buy the Bonds of Belgium

By J. LOUIS ENDOHL. TODAY, the House of Morgan puts out for sale, \$30,000,000 in gold bonds of the Kingdom of Belgium.

Belgium, like all the other European contenders in the recent war, needs money. It needs it badly. So it calls on the favorite financial agent of bankrupt Western European capitalism, Mr. J. Pierpont Morgan, and all his financial connections, to come to its aid.

The DAILY WORKER carries no financial department. It does not offer investment advice to investors. But in this instance we would advise that workers, if there are any so blind as to plan buying any of the Belgian bonds, DON'T DO IT! Not a cent for the bonds of Morgan. Not a cent for the bonds of Morgan.

The House of Morgan makes its Belgium offer a very attractive one to the small investor. Evidently Mr. Morgan doesn't expect workers to bite on his offer; the bonds are in denomination of \$1,000 and \$500.

It is not planned to use the returns from this loan to build for anything that will better the life of the Belgian people. The money will be used to buy up more Belgian capitalism pay off two other loans, about \$27,000,000 in gold and treasury notes due on January 1, 1925.

In big advertisements, Mr. Morgan tells American investors that the workers in Belgium are faithfully on the job again, that "the output of the metallurgical, textile and glass industries, Belgium's chief industries, has attained or surpassed the pre-war level."

Mr. Morgan no doubt thinks that as long as he can prevent his office boys at Washington, Coolidge, Mellon and Hughes demanding payment on Belgium's war debt to the United States, and as long as the Belgian workers stick on the job working for Belgian capitalism, just so long will it be possible for him to keep on floating new loans for the Kingdom of Belgium in this country, to the usual army of suckers always to be found among small investors.

But the Communist movement is growing in strength in Belgium; just as it is growing thruout all Western Europe. There will come a time when the Belgian workers will refuse to loan money to the House of Morgan. Those workers, won for Communism, will refuse to force the German workers, under the Dawes plan, to furnish reparations gold to the Belgian capitalist government, in order that it may pay its debts to Morgan.

And one of the backers of Morgan's new loan to Belgium is the Central Trust Company of Illinois, the head of which is none other than Charles Gates Dawes, the republican vice presidential candidate. Dawes, with Coolidge, expects to head another Morgan government at Washington after the next elections.

The workers of the United States, in this campaign, therefore, can best show their solidarity with awakening labor in Belgium, Germany and the other Western European nations, by raising the additional slogan of "Down with Morgan's Government!" "Down with the Fascist Rule of Coolidge and Dawes!"

MIKADO REPLIES TO THREAT IN U. S. "DEFENSE" TEST

(Special to The Daily Worker) TOKYO, Sept. 3.—Japan will have to "Mobilization Day" during the first week in November, two months after the United States government has its "Mobilization Day."

DAILY WORKER CAMPAIGN ISSUE WENT OVER TOP

Next One Coming with Three League Boats. The special Communist campaign edition of the DAILY WORKER went over big. The success of our first campaign issue has enthused the party's active workers as nothing else has done since the daily was established.

Prominent party leaders were loud in their praise of it. Comrade Foster wired his congratulations from Kansas City. "The Special Campaign Issue is a splendid production," said Foster. "It contains a mass of material that will be invaluable during the campaign and afterwards. The success of our first special campaign issue should inspire our members to make the next one a still finer one."

What the Workers Think. Joseph Manley, Workers Party Campaign Manager, who spoke in Ziegler, Ill., on Labor Day to a great open air meeting, declared: "Of course, I had seen the DAILY WORKER special campaign edition was great, but I was interested in getting the views of the Chicago workers on it. They were positively enthused over it. They told me when would the next special come out, and promised to double their order."

Benjamin Gitlow wired that he is having routing meetings and that the DAILY WORKER special contains enough political dynamite to blow "James Coolidge and Charles D. Hoover into activity." After the tumult and the shouting incidental to a campaign in which the capitalists are able to spend millions of dollars, the results of the propaganda now spread by the DAILY WORKER can be properly measured, said Gitlow.

Last Saturday's special campaign issue of the DAILY WORKER is only the first of a series to be issued until the ballots are counted in November. The constant flood of Communist propaganda will counteract the flood of capitalist propaganda that pours from the gushers of the master class.

During this fight we should be adding to our thousands of members to the ranks of the party and bring in thousands of subscribers. The special issue of the DAILY WORKER is going about laying the basis for a powerful mass revolutionary party.

Get ready for the Second Communist Campaign Edition of the DAILY WORKER! While the socialists have allowed themselves to be swallowed in the LaFollette quagmire, the Workers' Party is going ahead and laying the basis for a powerful mass revolutionary party.

BERGER LICKED BY LA FOLLETTE IN G. O. P. PRIMARY

(Special to the DAILY WORKER) MILWAUKEE, Wis., Sept. 3.—Victor Berger, republican candidate for the Wisconsin legislature, was severely defeated at the hands of his friend, Robert Marston LaFollette, which may prove disastrous to the republican party and his tongue off the republican primaries in the future.

The situation is a complicated one. The republican party is being rebuffed worse than usual, when he decided to enter the republican primaries to take a wallop at Governor Blaine, who had the backing of "Fightin' Bob."

Blaine Gets the Votes. The result of the unequal contest between the republican-socialist and the anti-republican Blaine has romped home with the bacon, while Berger is left with a taste of garlic in his mouth.

Still Looking for Yeast. A hydroplane today had been added to the variety of craft searching Lake Michigan for a trace of the Gen. 4, the ill-fated dirigible. H. D. Moreland, wealthy local contractor, and his two sons aboard, which has been missing since Monday.

PATERSONS KEEP PRESS FAIL TO DISCREDIT RED

Communists Continue Strike Activity

SUBSTANCE OF TREATIES BETWEEN GREAT BRITAIN AND SOVIET RUSSIA

(Special to The Daily Worker) LONDON, Sept. 3.—When is a treaty not a treaty? When some big capitalist power finds it necessary to sign on the dotted line with Soviet Russia...

ment of property claims other than those directly settled by the Government of the Union of Soviet Socialist Republics. Upon the signature of the "Second Treaty" referred to, the British Government will recommend Parliament to enable them to guarantee the interest and sinking fund of a loan to be issued by the Soviet Government...

The former treaty is regarded as the "Treaty of Commerce and Navigation." The former treaty is regarded as the "Treaty of Commerce and Navigation."

Both the second and third treaties are regarded as annual, or confirmed, or renewed for amendments. The former treaty is regarded as the "Treaty of Commerce and Navigation."

After negotiations between the Soviet and the British Governments, the agreement that they reach will be provided in an Anglo-Soviet Treaty, provided that the Soviets get not less than half the bonds are retained.

The following claims between the two Governments are referred to: (a) War loans advanced by the Soviet Government to the former Russian Imperial or Provisional Governments; (b) Gold belonging to the former Provisional Government, and handed over to the Government of His Britannic Majesty by either of those Governments; (c) Russian gold handed over to Germany under the Supplementary Agreement to the Treaty of Brest-Litovsk; (d) Claims owned by the former Russian Imperial or Provisional Governments to British Governmental Departments, or vice versa; (e) Claims advanced by the Government of the Union on the ground of intervention between November 7, 1917, and March 16, 1921; (f) Claims not otherwise covered in the Treaty, will be settled by a lump payment from the Soviet to the British Government for the amount of the latter's claims, or a committee of three from each side will examine all claims under this head and establish the sum to be paid.

A second Treaty is to be concluded containing conditions accepted with regard to the bondholders, the amount and method of payments for nationalized properties and an agreed settlement.

AUSTRALIAN NAVY TURNS CATHOLICS INTO METHODISTS

Religion a La Mode Is the Slogan

By Federated Press. WELLINGTON, New Zealand, Sept. 3.—How religion is made in the navy to suit the peculiar tastes or some folk is instanced by the following burlesque which took place recently on a British battleship lying in New Zealand waters.

Every Even Number. The lieutenant was by no means displeased. Fifty Methodists were wanted, and 50 would be found. So he recited the ranks and gave the order, "Number off the left; every even number a Methodist." In that way he got the required number of sturdy fellows, who, at least regarded themselves as such.

Favored Nation. The first article provides most favored-nation treatment to goods of the two countries, and extends the same to the shipping, the Credit Scheme to trade between British and the Soviet.

Not a Cent, Not a Vote for LaFollette!

Comrades and Fellow Workers of the Needle Trades:

In the near future you will be asked to give up your hard-earned dollars in support of the campaign of the middle-class politician, LaFollette. You, the workers of the needle trades, whose organization has for twenty years been the proud standard-bearer and the champion of true working-class political action.

Who is LaFollette? For what does he stand? He is a middle-class capitalist who is being discredited by the Republican Party of Wisconsin, stands for capitalism. LaFollette stands for the middle-class politician who supported the imperialist Spanish-American War.

SOCIALIST PARTY DELEGATE QUILTS; GOINS WITH W. P. Ladd Disgusted with Endorsement of Bob

The National Office of the Workers Party is in receipt of the following letter from E. D. Ladd, Elmira, N. Y., who signs himself as a delegate to the recent convention of the Socialist Party held in Cleveland after the C. P. P. convention.

Dear Comrade: I find enclosed copy of your former letter. The literature has not been received. There are quite a number of resolutions here from the Cleveland convention. They are quite in line with the Socialist Party and the abolition of capitalism makes Socialists and that such deals as we got at Cleveland are a late movement by the Socialist Party to get the Workers Party to join the Workers Party.

ELECTION DRIVE IN NEW YORK IS IN FULL SWING

Working Committees Now Functioning. The campaign in the state and city of New York has already started and is now in full swing throughout the entire district. The campaign committee is laying out all the plans for a successful Communist campaign and internationalizing the fight.

Form General Campaign Committees. Candidates have been named in all the important districts and the party members are hard at work collecting signatures and canvassing door to door.

Speakers: Franklin, Green, Gant, Stachel, Brodsky, the six section campaign managers and the chairman Brudsky.

Organization: Which is also to function as the special small campaign for emergencies: Lindgren, Lipson, Trachtenberg, Lore, Weinstein, Brudsky, Trachtenberg and Winitzky, secretary.

Both the local as well as the state party committees are being circulated through the entire city of New York and section campaign managers. All comrades and sympathizers are called to the various sections to go out with petitions for signatures.

Party members are urged to get before us to get sufficient signatures for our petitions so that our state and local party committees can be organized and ready to go down to the job and see that this work is completed in time.

170,000 WORKERS HUNTING JOBS IN MASSACHUSETTS

Only 28 Pct. of Plants Working Full Time

BOSTON, Sept. 3.—More than 170,000 wage earners employed in Massachusetts factories at the peak of the 1923 boom are out of a job today, according to the employment report of the state department of labor for July.

Down It Goes.—The decrease in employment in the state from June to July amounted to 4.3 per cent, following a decline of 2.3 per cent between May and June.

Decreases by Industries.—Decreases by industries were: cotton goods 37 per cent, boots and shoes 25 per cent, woolen and worsted goods 15 1/2 per cent, foundries and machine shops 24 per cent, rubber products 24 per cent, dining and hotel supplies 21 per cent, printing and publishing 5 per cent and paper manufacture 16 per cent.

Of the 854 establishments reported to the department only 28 per cent were operating full time and full capacity.

In the cotton industry and 6 in the boot and shoe industry, 17 out of 121 plants were operating full time and full capacity.

The report shows the average earnings of male workers as \$37.21 a week and of female employees at \$15.31.

LOW WAGES AND LONG HOURS IN SOUTHERN TEXTILE PLANTS ARE MENACE TO WORKERS IN NORTH

By LELAND OLDS. (Federated Press Industrial Editor)

The bitter cry of exploited women wage earners in the south rises from the pages of a report on Women in Alabama industries made by the Women's bureau of the U. S. department of labor.

More than half the women covered by the investigation were working 10 hours or more a day, while only a scant one-tenth worked a regular day of eight hours or less.

\$8.40 a Week.—The typical weekly wage was \$8.50. This represents the price at which Alabama employers were buying women in the state, the price for which they expect to purchase all the energy that a woman can put into 10 hours of work.

The report emphasizes the lack of legislative protection which makes this exploitation of women possible as follows: "Alabama is one of 5 states in which there is no limit to the hours which women may work either in one day or in a week; it is one of 23 states in which there is no regulation of night work; there is no provision for setting a minimum amount below which wages for a full week may not fall; there are practically no regulations in regard to plant working conditions, and it is one of 8 states in which there is no law providing for the pensioning of mothers."

These legislative provisions for the protection of women have been secured only where organized labor has been powerful enough to exert pressure. Legislation completely dominated by the employers class does not provide any such restrictions on the right of the boss to the last ounce of the wage earner's strength.

SENATOR FLETCHER OF FLORIDA USED TO BE A LIBERAL ONCE; NOW RIDES THE BIG MONEY TIDE

By LAURENCE TODD. (Federated Press Staff Correspondent)

WASHINGTON, Sept. 3.—How perfect is the defensive harmony existing between Coolidge and Davis reactionaries, in this presidential campaign year, whenever the economic nerve is involved, is illustrated by Senator Fletcher, of Florida, formerly liberal democrat but recently conspicuous for his bitter fight against the child labor amendment.

Fletcher issued from his office, "for immediate release" to the press on Aug. 22, a statement rejoicing in the fact that the North Carolina legislature had, in its senate, refused to ratify the child labor proposal.

USE IMMIGRANTS TO SLICE WAGES OF CANADA LABOR

Bosses in Dastardly Scheme

By SYDNEY WARREN (Staff Correspondent of The Fed. Press)

VANCOUVER, B. C., Sept. 3.—The wholesale dumping of immigrants from all quarters of Europe, but more especially the British Isles, is seriously undermining the labor movement of western Canada and the interests of Canada. Letters and newspaper articles setting forth the truth about Canadian working conditions and the chances of an immigrant without capital making good on the land are being sent to English newspapers.

Three Men—One Job.—Due to the shortage of the wheat crop on the prairies this year, very few harvesters will be required, yet the employment offices of eastern Canada and the Pacific coast are calling for thousands of men to go to the prairies to work the harvest.

Many of these men finally drift back to the coast for the winter and their presence in numbers is used to further reduce wages in the unskilled industries of the province such as mill and construction work.

At the present time the Canadian Pacific railway has immigration agents throughout Europe trying to induce immigrants to spend their savings with the steamships and railways of the company in the hope of seeking their fortunes in Canada.

United States Takes Charge

News dispatches report that Owen D. Young, head of the General Electric Company, has gone to Berlin to take charge of affairs in Germany, while the German government has made the first payment, according to the schedule of the Dawes plan.

Thus has the United States, without a single official action, taken its "legal" governing machinery, been placed in the center of the European chaos.

What Do You Mean, Wheeler?

Senator Wheeler is quoted as saying in his Portland speech: "We are trying to save the country. Take it from Wall Street and repute it in the hands of the common people, the workers and farmers, to which it belongs."

What do you mean, Senator? Were you thinking of the workers and farmers when you waited for millionaire Vanderlip to draft you for the campaign? And you must have some responsibility for what the LaFollette-Wheeler organization is doing in the various states.

No, Senator Wheeler, your record and that of LaFollette shows that you want the workers and farmers in just the same way that Coolidge and Davis want them—that is, not to control your organization, but to deliver votes.

A Disgraceful Fraternization

The "Labor Day" celebration under the direction of the Central Trades and Labor Council of Greater New York was an illustration of the corruption that is eating the heart out of the American labor movement.

And what were the speeches about? Secretary of Labor Davis spoke, demanding that the workers produce more each day, and warning against the "visionary" demand for nationalization of industries.

Fraternization with the army on the part of the workers is a good thing—if it is a fraternization of the rank and file with the rank and file, the officers of the labor unions.

With so many "leads" in progress for supporting candidates on the republican and democratic tickets, it is little to be wondered at that the LaFollette camp is full of dissention and strife.

Rally To International Youth Day

RALLY to International Youth Day. It is the call now being heard all over the country in the ranks of the revolutionary young workers.

On the anniversary, the Young Workers League of America has issued the following call: To the Young Workers of America: Comrades, Fellow Workers: The young workers of this country are facing many problems which they must meet.

Everywhere preparations are being made to draw the youth of America into the net of capitalist imperialism.

Unemployment Changes

ONE of the most interesting reports yet issued by the Minister of Labor has appeared this week on the changes in unemployment.

This continual change over of the personnel of unemployed accounts for many ups and downs of the unemployed movement and the immense difficulties that have to be overcome to establish and maintain anything like a durable organization amongst the unemployed.

What'll They Say Now? What these prize politicians will say now, we don't know. This report so completely knocks the bottom out of the argument that it must leave them guessing.

The following table will show how this turnover of unemployed is spread over the various industries.

Table with 3 columns: Industry, Percentage, Average Unemployment. Includes Shipbuilding, Shipping, Iron and Steel Mfg, Engineering, etc.

Another striking fact is that 22.8 per cent of the unemployed are over 45 years of age. This means that one half are between 15 and 24 (they are) when they are passing out of apprenticeship and begin to lay claim to full proletarian wages.

Short Term Dole. The average length of time on an unemployed benefit is shown to be 72 days.

having brought a change for the better in the life of the workers of America. The various capitalist and congresses have accomplished anything that would aid the workers of this country.

These dangers of unemployment, poverty and war are daily becoming greater.

With the coming of unemployment, the bosses are engaging in a huge campaign to cut the wages of the workers.

The Communist Candidates—Look Them Over!

GORDON W. OWENS (colored), Workers Party candidate for Congress from the First Congressional District, Chicago.

JOSEPH PODKULSKI, Workers Party candidate for Congress from the Fourth Congressional District, Chicago.

HYMAN EPSTEIN, Workers Party candidate for Congress from the Fifth Congressional District, Chicago.

Comrades out gathering signatures to place Workers Party candidates on the ballot are often asked by workers they visit to tell something about the candidates.

Instead of the cuts in wages, we demand work of maintenance by the government and industry, the young workers to be trained under the supervision of the trades unions during the period of unemployment.

Down With Mobilization Day. As a step in the direction of the militarization of the youth of this country for the purpose of having common fodder for the next war of profits, the imperialists of this country have laid plans for a nation wide demonstration on September 12, called Mobilization Day.

Support Communist Ticket. At home the workers are in the midst of a presidential campaign, in which they are confronted with the Roosevelt candidate, William C. Foster, and LaFollette, the betrayer of the workers, and with the Imperialist candidate, William C. Foster.

How often have we seen some district right in the forefront of the agitation for work. This report shows how little the unemployed has in its possession.

A variety of factors have operated to take the sting out of the mobilization agitation not the least of which has been the abolition of the "gap" in unemployed pay.

Young Workers League in Demonstration. MOBILIZATION DAY, Sept. 12, has accentuated the importance of International Youth Day, which is to be held on Sept. 7, at 8 p. m. in the Northwest Hall, under the auspices of the Young Workers League.

There is no doubt that the campaign against mobilization carried on by the Young Workers League will develop into a militant Communist struggle against imperialist wars.

The Dictatorship of the Proletariat

THERE is only one way in which the exploitation of the workers and farmers of this country can be ended. That is thru the workers organizing their mass power, ending the capitalist dictatorship and establishing the Workers' and Farmers' Government.

In place of the capitalist dictatorship there must be established the dictatorship of the workers and farmers. This dictatorship will be the interest of the workers and farmers as it is now used by the capitalist dictatorship in the interest of the capitalist class.
