Wages of Photo-engravers.
WASHINGTON, Oct. 27.—Photo-engravers got over \$2,000 a year in 1923, the census of manufacturers, issued by the department of commerce, discloses. For 1922 the 445 shops reporting had a total wage expense of \$1,821,533, distributed among 8,488 wage workers. This figures out about \$2,135 a year each. There was also 2,938 salaried employees, who got \$7,472,662. The profit of the business for the year, represented by the difference between value of the product and the wages, salaries, contract work and materials, containers and fuel, were approximately \$10,000,000.
