PLAND is preparing to mobilize his army according to the patches from Berlin. The Polish boys are looking with longing eyes at the Baltic provinces...

PROTESTERS are disappointed because the Russian workers demands did not irritate their enemies to debate the pros and cons of their aim and calculate the real results...

THERE is not the least doubt that the Polish revolution will prefer to talk it out with the enemies rather than shoot it out, but unfortunately for the socialist ideal there is too much animosity in the class struggle...

THE Russian revolution must not be left to the wages of the workers to pick it up or to maintain it. What matters is that the workers and peasants win, and it happens that in this hard-bitten world they could not win without the use of force...

MANY well intentioned workers confuse the use of force by capitalist states and by workers' states. They are wrong in their thinking and to use force in suppressing the workers why is it not wrong for the Soviet power to use force in suppressing the capitalists?

THIS minority having political power, used the weapons of political power, armed force, holds the majority.

Release CROWD CHEERS SOVIET RUSSIA AS SPY LIES Attacks on Workers at Abramovich Meeting

(Special to The Daily Worker) NEW YORK CITY, Jan. 26.—Once more Raphael Abramovich, imported spy, tried to tell falsehoods about Soviet Russia...

The violence of gunmen hired by the Jewish Forward and a large squad of gunmen in to force the workers to leave the second story window...

The audience finally resumed its seat, and Abramovich, gaining a little courage, recommenced his attack on the equipment of the capitalist powers...

Immediately from all over the hall shouts of "Long live Soviet Russia, Long live the Communist International!" arose, and Abramovich, turning pale, tried to apologize by saying he was not in Germany at the time of Liebknecht's death...

Aramovich has not yet been able to deliver his speech against Soviet Russia, and it is expected that he will make arrangements with the New York Times, or some other capitalist sheet, as the only means of getting his poisonous propaganda before the public.

CUT WAGES OF SURGICAL GAUZE MILL OPERATIVES WORKERS PARTY SECRETARY HELD NEARLY 3 WEEKS

CHICOPEE, Mass., Jan. 26.—No strike has been posted by the Chicago Manufacturing Company, makers of surgical dressings, of a 10 per cent wage reduction, effective today. The mills employ nearly 1,800 operatives and are owned by Johnson & Johnson.

C. E. Ruthenberg, national executive secretary of the Workers (Communist) Party, walked out of Michigan state prison at Jackson at noon today. He was released on bonds amounting to \$7,500 pending a decision of the United States supreme court on the constitutionality of the criminal syndicalism law under which he was committed to Jackson prison twenty days ago.

"Experts" have examined into the possible value of the surface lines in Chicago. The survey's committee has been meeting in the city hall and has reported that the properties of the street railways are worth \$200,000,000.

The fact that the working population of Chicago, paying exorbitant fares for years has bought and paid for the property ten times over has been totally ignored by both the city and the state.

The holders of street railway securities seem very anxious to unload at a time when the properties are so devalued and depreciated in value that they are faced with large expenditures for necessary repairs and rehabilitation. And if they are smooth enough they can usually convince a city administration of the virtues of municipal ownership.

Such a thing is happening in Chicago. The favorable result of all these grand purchases by municipalities is that banker's securities are saved from going to the dogs and workmen's party securities are squeezed to make up the difference. And such things will continue to happen as long as capitalist politics are permitted to rule the city government.

Governor GOTT Campaign Aid FROM THE K. K. L. Spoke from Same Platform with Glenn Young

(Special to The Daily Worker) HERIN, Ill., Jan. 26.—The refusal of the Small to renounce the support of the Ku Klux Klan and to stop the murderous campaign of the experiment of justice agent and Klan leader, S. Glenn Young, is responsible for the latest fatal Klan outbreak here.

During the November election campaign Small, who is active in the Ku Klux Klan and who is a member of the federal government at which were in the state's keeping.

Even now, after over a score of similar outbreaks in the Ku Klux Klan in southern Illinois, Small refuses to renounce the support of the Ku Klux Klan and to stop the murders of union members by his silence and his refusal to wipe out the menace of the Ku Klux Klan in the state's keeping.

The ministers in Herin were unanimous in praising the murderer in their Sunday sermons. Rev. F. E. Clefley, of the First Methodist church, praised Young in his sermon and declared that he had ample opportunity to display his skill at murdering defenseless men.

The Ku Klux Klan of Illinois brought Glenn Young to Herin and supplied him with funds to maintain his office. Young is now in the state's keeping.

KLAN FUNERAL OF HERRIN GUNMAN TO RIVAL THAT OF CHICAGO'S KILLERS

HERIN, Ill., Jan. 26.—Glenn Young, whose colorful career as Ku Klux Klan leader in Williamson county came to a close in Saturday night's gun fight here, in which four men lost their lives will have the grandest funeral ever held in the state of Illinois, according to plans made public here today by Carl Neill, son, exalted cyclops of the Klan in Herin.

Word was flashed to every Klav-ern in Illinois, and adjoining states by Ku Klux Klan headquarters here to send representatives to the funeral at Wednesday. Klansmen predicted that 50,000 persons would attend the funeral without regard to race, the services will be held under the official auspices of the Ku Klux Klan, it was announced.

NOBODY KEEPS AGREEMENT BUT COAL DIGGERS

Operators Turn Scab, Lewis Fights Dist. I

Oklahoma coal operators are slowly but surely breaking the grip of the United Mine Workers of America in that state.

In the last year producers representing 84 per cent of the production in the state have broken away from the union and are now mining coal under the 1917 wage scale.

The miners are paid approximately \$5 a day as the basic wage as compared to \$7.50 provided for under the Jackson-Hick agreement with the union.

The Hovetta field is the only one left to operate under the wartime wage scale of \$2.50 a day.

The Whitman and McAlester fields are the strongholds of the open shop. The U. M. W. of A. under the administration of John L. Lewis, makes no effort to sustain the union and the operators have their own scab work.

Many mines were idle during the summer in the fight for lower production costs. Hundreds of the employer turned their own names and after several months of idleness accepted the 1917 scale offered by the operators.

There was considerable change. National guardmen had to be called to the Whitman district in July, September and October. Martial law existed for a time but mines continued to work.

Production in the Whitman and McAlester fields now is averaging between 3,000 and 6,000 tons a day. Vertical contracts exist between the miners and owners on the question of the 1917 wage scale. A fair "arbitration" scheme is provided by the kindness of the company, to give "fair and impartial" decision on disputes.

How Fair—Withdraw from Agreement. The day wage scale under which the mines now are operating is on a basis of \$5. Under the 1924 union contract it would be \$7.50. The picket line is on a basis of \$10 a ton. Under the 1924 contract it would be \$12.

There are about 25 mines in the affected fields. All of these are operating under the 1917 wage scale. There are about 150,000 men in the affected fields. The number increases as the market for coal improves. There are about 150,000 men in the affected fields.

C. N. W. Machinists Defeat B. & O. Plan

The machinists of the Chicago and Newberry shops, under the leadership of John L. Johnson, T. U. E. L. O' case, have made this a major issue in the nomination that is taking place through the Machinists' Union for the coming general election. Johnson is up against the fight of his life.

Two machinist branches of Chicago, 359 and 337, adopted resolutions protesting against the "criminal syndicalist" laws and conviction of Comrade Rutenbergh. Both resolutions have been sent to the machinist district council for adoption. In addition to this action, Local 337 donated \$100 to the defense.

Chicago Painters 275 Ring the Bell for the Michigan Defense

Stevens and Mauseth Trial Statement

The following is a statement of Dan W. Stevens and William Mauseth, made to the hand-picked investigation committee of the Minneapolis Trades and Labor Assembly which reported adversely upon their right to be seated as delegates from their local union. The committee's recommendation was defeated by a vote of 20 to 10.

At the meeting of the Trades and Labor Assembly held on Wednesday, January 27, Dan W. Stevens and William Mauseth, had our credentials refused on the grounds that we were members of the Workers Party and, therefore, owed first allegiance to that organization. The protest was filed because of the fact of the alleged membership in the Workers Party, it was considered for a trial.

TRADE CARPENTERS OF DETROIT SIT ON EXPULSION PLAN

Reputate Hutcheson Act in Two Locals

DETROIT Mich.—The reactionary machine in local 19 of the Carpenters Brotherhood was forced to resort to Hutcheson's tactics to protect Hutcheson's stipulances from the will of the rank and file. A resolution repudiating the expulsion of William Reynolds by the general executive board and demanding a trial before the local union, in accordance with the constitution, was presented and amended to the effect that the resolution be changed to protest.

After an appeal from the arbitrary ruling of the reactionary president a motion for the previous question had been sustained by a vote of 24 to 9, the amendment was adopted and the vote was taken on the resolution. This is significant in the resolution. This is significant in the resolution. This is significant in the resolution.

WESTERN DISTRICT KANSAS MINERS COUNTERACT HITCHCOCK DISTRICT VOTING

Hold Protest Meeting and Raife Lewis

The fight of the militant progressive miners of Kansas is well known to the league members. The formation of John L. Lewis to destroy the miners' organization in that district has been persistent but futile. Alex Hitchcock rejoined the Miners' Union shortly after the last convention, held in Indianapolis, when he saw that Lewis was determined to destroy the organization rather than allow him a fair trial.

In the election of Dec. 14, the progressive candidates had the support of 50 per cent of the rank and file, with the Lewis henchmen in control of the union machinery. With an attempt to bring the election to a halt, they were defeated and the progressive candidates would have been cleaned out of office. They stood no chance of even being nominated to the office.

EDUCATIONAL LEAGUE

Following are a few of the most important points:

AND WHEREAS, our district constitution in District 14 provides that anyone who has been a member of our union for six months continuously previous to the month in which the election is held shall be eligible to be a candidate and to hold district office;

AND WHEREAS, the international constitution makes no qualifications in any way as to who is eligible to hold a district office so that a matter that has always been in the hands of the district officers of our district refused to place on the official ballot the names of about fifty of our members who were candidates for different official positions, all of whom were members of our union and eligible to hold district office in accordance with the provisions of our district constitution;

AND WHEREAS, the officials of this district hold that not one of them would have even the remotest chance of being elected to any of the offices of this district had the names of those on the ballot who were nominated and nominated for office;

SHOE WORKERS DRAW FIGHTING PLAN IN EAST

Amalgamation Demand Against Fake Union

By JOSEPH MANLEY (Special to The Daily Worker)

Lynn, Mass.—Thousands of shoe workers, who shortly be the scene of a bitter struggle between employers who want to cut their wages 20 per cent and the workers who want to fight on the side of the shoe manufacturers.

A big movement is on foot backed by the workers of the Amalgamated Shoe Workers' Union. This was the organization which drew out of one of the many unions in the district various independent unions in the shoe industry.

Capitalists Want Fake Union In Lynn the agreement of this union with the employers expires on April 15th. The newspaper of Lynn is flooded with propaganda in favor of the Boot and Shoe Workers' Union. Agents of the Boot and Shoe Workers' Union are working in the local of the Amalgamated Shoe Workers creating sentiment favorable to the union.

PROGRAM OF THE T. U. E. L.

At all times and in all its campaigns and publications...

The league shall carry on an intense campaign for the shortening of the labor hours, increasing of wages (improving of working conditions, and shall stimulate the workers, both organized and unorganized to conduct an effective struggle against exploitation. The league must raise the slogan: "No reduction in wages and no lengthening of the working day!"

Organize the Unorganized. "Organize the unorganized" is no temporary slogan. It must be carried along when industrial depression is on. It must be continued constantly until all workers are organized. The campaign should take the following general steps: (1) To organize the unorganized; (2) To build the present independent unions; (3) To support the formation of new unions wherever practical by utilizing the Workers Party.

MARINE WORKERS DRIVEN BY NEED SEEK FOR UNITY

Berlin Conference May Mean Much

The Marine Workers' organ of the U. S. Marine Transport Workers' Union is now in the hands of the workers, and contains an excellent editorial entitled, "Get Set for the International Conference." It says in part:

"It is not possible to bring our forces together and form a real international union of the Marine Workers' Union that administers there are today but two unions on the part of the workers, and the other of their deplorable, those who own the means of production."

"Effort should be made the coming year to call a conference of all marine transport unions and draft a program which is based on the same social, political, and industrial rights as whites."

The league shall lead the fight against the injunction by moving the workers and trade union movement to the violation of the law.

Autocracy Brings Big Protest

When the amendment to support a trial before the local union was lost, President Bill acting for the machine under the instruction of the Secretary, Botterill, general organizer, representative of the T. U. E. L. in Detroit, refused to put the resolution to a vote. A motion to recall Bill as president was then made, which he refused to recognize. Charges were made that the meeting then broke up in confusion without adjournment at 11:30, with the whole meeting a complete farce.

When in the early part of the meeting, Botterill objected to Reynolds' presence, the meeting of the rank and file expressed its opinion in a very tyrannical action. Men who have carried cards in the Brotherhood for 30 years expressed a wish that they stand by Brother Reynolds in his fight against expulsion, even if expelled themselves it was that where a fight for principle must lead to.

BRIDGEPORT AMALGAMATED CLOTHING WORKERS HAVE SOME CLASS COLLABORATION

BRIDGEPORT, Conn. Jan. 26.—The members of the Bridgeport local of the Amalgamated Clothing Workers were recently treated to a sample of boss unionism. The union agent acted as the agent of the bosses in pushing a resolution to expel the rank and file.

About four weeks ago, as the slaves of Wolf and Abrams came to work, they saw a huge sign on the building. "This Lot to Let." The business agent happened on the scene, and told the workers that he was going to call a membership meeting. He called the workers to accept the call. After a hotly debated membership was organized, the workers were told that the union was in a state of confusion. The members replied: "Let them do it."

FRISCO LEAGUE BUCKS LAWYERS

The San Francisco and Oakland leagues have made the child labor amendment a special order of business. The California legislature is now in session and a big fight will be staged upon this issue. The League's attention on the child labor amendment is being taken up in the local unions of both these cities and the "friends of labor" will be called upon to decide whether the term includes abolition of child labor.

Under such blueprinting the membership will be called upon to remain with the employers. It was urged because the bosses were too poor.

CHICAGO MACHINISTS FIGHT WELL AGAINST AN ORGANIZED GANG

Local 113, Machinists' Union, Chicago, cast over 25 per cent of its vote in the election held for the purpose of placing the administration hand placed the Johnson-Anderson slate to the fore. The vote was a choice between the vote for president, Johnson T. Anderson 39, and for secretary, H. J. Davidson 28, and for treasurer, J. P. 26. This was representative of the fact that the rank and file of the members who are unemployed.

WASHINGTON HITS BLOW AT 'B. & O.'

Local 102 and 107, Machinists' Union, Washington, endorsed the left wing slate headed by Julius Kinnel. Both of these locals are composed of railroad workers. One the Milwaukee and St. Paul the other the Northern Pacific.

Seattle Local Number 79 were equally divided between the Anderson and Johnson slates. The vote was at the chairman casting the deciding vote for the Anderson slate. The Johnson slate was not even considered.

SMACKS OF BOSS UNIONISM

Wolf and Abrams employ 600 workers, practical 300 of them members of the union in Bridgeport, Conn. The firm has been in the city for many years. The workers are well paid for several years, estimates for building have been gotten, but no building done.

WIDE SETTLEMENT AMALGAMATION

It was generally agreed that a strong sentiment for amalgamation exists in the industry, and no compromise in anything but in the militants and the program of the T. U. E. L. was expressed.

MICHIGAN MUSICIANS CONDEMN SYNDICALIST PERSECUTION ACT

The Michigan Musicians' Association in convention held at Port Huron, Mich., Jan. 22-23, passed a resolution demanding the repeal of the criminal syndicalist law, declaring it to be a constant menace to the organized labor movement. They also demanded that all convictions already secured under this act be nullified and that all further provisions caused by the enactment of this law be dropped.

ARE RADICALS ILLITERATE?

It is claimed by the capitalists that "radicals" are illiterate. This is a lie. The fact is that the workers are literate and are capable of understanding the issues of the day. The workers are literate and are capable of understanding the issues of the day.

U. S. Imperialism In Hawaii

Newspaper reports inform us that twenty Filipinos are in jail in Honolulu, the main city on the island of Hawaii as a result of a strike in which over one thousand workers were involved.

It shows the American government defending with its armed forces, the interests of the American capitalist exploiters in distant lands.

The false propaganda in congress deliver eloquent speeches against the participation of the United States in the schemes of the "imperialist governments of Europe."

The extension of American imperialism is one of the most serious problems confronting the American working class.

Workplace of labor and not an auxiliary of Wall Street. The strike of the sugar slaves in distant Hawaii affects the pay envelopes of the American workers as well as if the strike took place in any section of this country.

If the Pan-American Federation of Labor was a real organization of labor and not an auxiliary of Wall Street...

More Trouble for Carlist Spy

Raphael Abramovich, the gentleman who recently arrived in the United States to satisfy the appetite of the socialist party for anti-Soviet propaganda...

The second setback suffered by the delegate of the czar's socialists, was in Philadelphia when the joint board of the Amalgamated Clothing Workers rejected by a vote of fourteen to ten a request of the socialist party to send delegates to greet this renegade.

So far so good. Abramovich being a democrat, is no doubt well pleased with the manner in which the American workingclass rise to the opportunity of taking a novel referendum on the question of Soviet Russia.

Not that the DAILY WORKER urges that physical violence should be inflicted on the miserable traitor. (It appears that there is no need for such violence.) But judging by his reception so far, it is almost safe to predict that his tour will be at least exciting if not exactly pleasant for him.

We learn that Abramovich will visit Chicago, unless he changes his mind.

Child Labor

In no other way do the capitalist class show their hypocrisy more than in their hostility to the proposed child labor law, referred to the various states for consideration.

The capitalist class would like to have in expressing their assumed indignation over the fate of the home and the family, should Communism supplant the present capitalist system.

Washington, Jan. 26.—Billions of dollars of American capital were invested in industries in foreign countries last year, while billions of dollars more were sent abroad in loans to foreign governments.

Of the \$1,245,000,000 borrowed in the United States, \$537,700,000 was sent to Europe.

Securities were bought in the Wall Street market from Canada and New York. Loans were made to Latin-American countries amounting to \$294,000,000.

The U. S. controls Foreign Governments. The past year has seen an attempt to capture foreign markets, and control foreign governments by leading nations.

The American Telephone and Telegraph Co. has already voted against the child labor amendment.

The Standard Oil Company invested \$100,000,000 in the Standard Oil of California.

The Neozan banking interests loaned the German government \$10,000,000.

While the capitalists are united in their opposition to the proposed amendment, they are not united in their support of the amendment.

The Scandinavian Party Conference on the Recent Relapse of Comrade Trotsky

With reference to the dispute which has developed in the party to arouse in our Russian brother and in the C. P. by his new attitude toward the "League of the Scandinavian Communist parties declares:

The Russian October serves the Bolsheviks as a model of preparation for the revolutionary upheaval and the setting up of the proletarian state power, and we see in this a relapse on the part of Comrade Trotsky into his old renegade habit of falling against which Comrade Lenin himself was the sharpest and most insupportable opponent.

Especially harmful is the criticism by Comrade Trotsky of the leaders of the Comintern, and in the first place of Comrade Zinoviev.

Wherein consists the great error of Comrade Trotsky? It consists in that he wishes to limit the leading role of the Communist Party in the class war to the "great moments" when the party overthrows the rule of the bourgeoisie and seizes power at the head of the revolutionary masses.

The Communist Party can only lead the working class and the great oppressed masses to victory over the capitalist state and bourgeoisie.

It follows the Bolshevik line in the every day struggle of the working class, that is to say, it pursues a policy which at the same time educates and promotes the revolutionary class.

What the Farmer Thinks is the Matter with Him. But Statistics Are Often Deceitful.

BISMARCK, N. D. Jan. 26.—The business men—especially small business men—of this county are beginning to point out that farmers fall in their work as farmers because they are not good managers.

The department of agriculture at Washington, D. C., has published a circular in relation to the matter that might be of interest to DAILY WORKER readers.

In discussing the various kinds of difficulties that the farmer has to put up with, it says (Agriculture Year Book, 1931):

"Statistics by the department indicate that 45 per cent of the farmers feel that their financial difficulties are due to low prices of farm products; 35 per cent, to high costs for farm supplies; 15 per cent, to high freight rates; 10 per cent, high interest; 10 per cent, reckless expenditures during boom periods; six per cent, and too much credit, four per cent."

From this it would appear that the farmer's financial trouble is not due after all. But the gentleman in the department of agriculture never appears to have asked of the farmer the percentage of the farmers by their financial trouble to the capitalist system as a whole.

Penna. Strike In Anthracite Compromised

WILKESBARRE, Pa.—The strike of the 12,000 anthracite miners of District One failed to materialize, and the 12,000 strikers of the Cappel Pennsylvania Coal Company combination, are ordered back to work by the body which called them out—their grievance committee.

This was the result of an "O. S." which was sent to a special commission to save the industry from complete destruction.

The commission worked upon the grievance committee leaders, who are not revolutionary and lack strong will and experienced knowledge, get the vote to return to work in exchange for promises to set grievances are "considered" and "conciliation" given the matter of returning the charters of the local locals reformed by Cappel.

While not in the agreement, the Lewis committee has doubtless put pressure upon the weak leaders of the grievance committee to force the miners to withdraw from the strike.

It is an unavoidable conclusion from the way the agreement was reached that the miners' financial troubles are an expression of rank and file control of the union which the miners have at all times.

N. Y. POLITICAL ACROBATS JUGGLE CHILD LABOR

Expose Tactics Before And After Election

NEW YORK, Jan. 26.—An eloquent of the impudent way the legislators and republican leaders try to fool the workers and the people is shown by correspondence between Lieutenant Governor Seymour Lowman of New York and Morris L. Ernst, chairman of the civil committee of the New York Civic Club.

In reply to interrogations regarding the attitude of the republican party towards the proposed child labor amendment, Mr. Lowman said it was the policy of the republican party to abstain from the ratification of the amendment by the legislature.

Mr. Ernst, in his reply reminded Mr. Lowman that both the republican and democratic platforms had contained pledges of the ratification of the amendment by the legislature.

"Such a referendum as you suggest, wrote Mr. Ernst, is entirely futile. It is no way binding upon the incoming legislature. It has no legal effect whatever. It certainly cannot be more than a pledge of both parties for the last election."

The republican and democratic leaders know exactly what they are doing when they are forced to make promises to something. They know well they intend to do nothing, but they always have their plan for getting out of any promise, before they make it. The children are just labor commodity to them.

California Is Barometer Of Daily Worker's Safety

Just One-Third of Quota Raised in District 13; Nationally, Too, Labor Press Only One-Third Safe

How sure are we that the DAILY WORKER is going to make the grade for 1932? Just one-third sure!

District 13 serves as the index of the insurance drive's progress. Just as this district, California, has so far raised only one-third of its quota, so naturally only one-third of the \$50,000 is yet on hand.

California ranks with the three other leading districts in having permitted so far approximately one dollar per member. With an estimated membership of 750, the total remittance has been \$745.00.

Of the 32 branches in the district, all but 8 have been militant. District Organizer J. H. Dolan and the various branch secretaries and most of the membership have made a good beginning, no doubt of that. But two-thirds of the work is yet to be done before there can be a good ending. An average of two dollars more must be given by each member.

California Takes Our Breath Away with 250 Dollars All in One Day!

If California continues to be the barometer for the DAILY WORKER insurance drive, things will be "looking up" with a vengeance. Witness the \$196 check received late Monday as a birthday contribution from all the party branches and sympathizers in Los Angeles, and following by its heels, a check for \$50 from the Los Angeles Greek branch, besides.

"We hope to double this amount next birthday," writes Ann Comblath, who was chairman of the entertainment at which the \$196 was raised.
