THE ex-minister agrees with Rear Admiral Fiske that war is a good thing for the nation. It bridged the gulf between the "classes" in England. The aristocrats and the laborers are now one, he said. Some of the aristocrats are broke it is true, but so far they have not showed up strong at the unemployment offices. They have sailed to the United States to hunt up ambitious American heiresses. "Today there is great fellowship in England and the son of an aristocrat working for his living is regarded fraternally by those who have always worked for a living," declared Mr. Topping. That's that. One of the most interesting cartoons I have ever looked at was that of a Russian duke, picking a banana skin out of the gutter in a Berlin street. He was starving. That's the kind of a living I would like to see an English earl making.

MOB ATTACK ON WORLD WAR VET IN WEST VA. CALLED "SIMPLE ASSAULT"

NEW YORK, April 23.—Only a "simple assault," the Pocahontas Co., West Virginia authorities report to Governor Gora of the mob assault which officers of the law led on Lawson McMillan at Marlinton, April 10. The report has been relayed to the American Liberties Union which had called on Governor Gora to investigate and punish the mobbing of McMillan for his opposition to the ku klux klan. The county authorities conclude their report to the governor with the assurance that the matter "has been taken care of." It has been "taken care of" by the dismissal of the charges against the mobbers.

DETROIT COMMUNISTS PLAN TO ROUSE WORKERS OF AUTO CITY FOR HUGE MAY DAY CELEBRATION

DETROIT, Mich., April 23.—Rebels of all shades of red—from light pink to deepest red—will join with the members of the Workers Party, the Young Workers League and the Junior section of the Y. W. L. in a May Day celebration that promises to surpass anything yet undertaken in Detroit. Thursday, April 30, will witness the distribution of the "Down Tools on May 1st" leaflet before the factory gates. On Friday May 1, the membership will be mobilized for the real propaganda event of the year. Twenty thousand of the special May 1 edition of the DAILY WORKER will be handed out at the factory gates. This is certain to give a tremendous impetus to the movement here, as well as to place the DAILY WORKER in hands that will hold it for the first time. When the proposition for so great a distribution was first advanced, involving the raising of \$280 for papers alone it appeared to be a forlorn hope. But the branches received the announcement enthusiastically and came forward with their pledges. The 20,000 distribution is now assured.

(Special to The Daily Worker.)
PARIS, April 23.—Speaking on the subject of France's liabilities, Edouard Herriot, newly elected president of the chamber of deputies declared in the chamber today that "France does not wish to repudiate her debts." Debts, the former premier said, have weighed heavily on France for years. But France desires to progress resolutely forward and can do so only if her children are "willing to sacrifice their material interests for the joys of lightening the nations burdens." The French foreign office said it was possible that Premier Painleve and Minister Briand would go to London shortly to discuss with the British government measures looking toward France's security from invasion.

700 CLOTHING WORKERS STRIKE AT BRIDGEPORT

Fight Open Shop Firm with Solid Front

BRIDGEPORT, Conn., April 23.—After two weeks of waiting the Amalgamated Clothing Workers Local 223, has received a refusal of the demands they presented to Abraham and Wolf, and have struck 700 strong. "This firm has come out frankly for the open shop as a countermove against the demands of the union. The demands for which the Bridgeport clothing workers are now striking are as follows:
Demand Wage Cut End
The 44-hour weekly work system; the reduction in wages accepted last December of \$1 a week for those receiving not more than \$30, and \$2 a week for those getting over \$30 to be made up at this time in accordance with the promise that the wage cut was to continue for only a few months.
A minimum wage of \$12 is asked for all women apprentices and a \$20 minimum for men. Before a discharge is made the case must be taken up with the grievance committee, and sanitary conditions must be established with an emergency rest room.
No Abuse From Foremen
The workers demand that the practice of foremen in using abusive and profane language to workers shall cease, all offending foremen when the abuse is proven, to be discharged.
The union demands that experienced cutters, operators and pressers shall be hired thru the union office, but if the union is unable to supply the operator within 24 hours, the firm may hire directly.
Workers Party Members Rouse Workers
The strikers have made it a 100 per cent walkout and are standing solid. Great enthusiasm was shown when the Workers Party members among the shop employees led the way for a complete strike by militant speeches for unity and struggle.

Blacklisted Miner Has No Union Protection

By YEAGER, Worker Correspondent. DUCQUESNE, Pa., April 23.—To work for the Duquesne Light company means to live in one of the company owned homes and have the cost of everything used checked off from each pay. One worker, formerly a miner, got a job at the plant, he was charged \$15.00 rent for his home and this did not include the cost of water used which he had to pay extra. Water costs \$4 a month.

His last water bill amounted to about \$13.00 for three months. From his last pay was checked off \$13.50 for his half month's rent and \$4.00 for one-third of his water bill. Previous to working for the light company, he had been a miner until he got fired and blacklisted. He tried several times to get his job back but was given an excuse. This went along for several months when one day he was told by the pit boss to come next morning and work would be given him. No Union Protection From Mine Blacklist.

He came to the mine next morning for his promised job, but was refused. His case was then taken up by a board member and he was given what was supposed to be a hearing. It was then found that he was fired for being "a little too progressive to be working in the mine." The next day five deputies came and would help him along in case he did not move fast enough. The man being married decided rather than be better off, he and his wife moved to the Duquesne Light Co. Besides being a citizen.

In order to get a job in that company, if one has been a union man he better not try, since the company will only turn the worker down. Besides the Duquesne Light company is very strict when it comes to hiring anyone who has previously been a union man. They do not want anyone working for them who has had anything to do with the union since they may try to organize the men against these rotten conditions.

Only citizens, or those having declared their intention, may apply for a job and enjoy these rigorous conditions. And, of course, it is cheaper for the company to hire a citizen than to the government on such a basis.

POLISH WHITE TERROR MURDERS FOUR UKRAINIANS

(Special to The Daily Worker) WARSAW, Poland, April 23.—The member of parliament of the Communist fraction, Comrade Weitek, addressed an urgent request to the sejm on the behalf of Polish provincial town Wlodawa, "Wlodawa," reads the request, "in a great excitement on account of an unheard-of maltreatment of Ukrainian citizens by the police. According to an order of the chief of police, Shishkovsky, mass searches of the villages took place, for Communist literature. Altogether the police found nothing, 30 persons were arrested.

Three days afterwards the examination of the prisoners took place in the police office. This was done in the following manner: The prisoners were taken into a dark room where they were put on a table, covered with wet sheets (so that the maltreatment might not leave traces) and tortured with whips and sticks. The victims were beaten on their heads and faces and trodden upon. "The examination" lasted from one to three o'clock in the night. How terrible this maltreatment was is proved by the following: One of the prisoners, Nicolai Mitshchenko, was to be "examined" again next night; when he heard this he committed suicide by stabbing himself with a knife in his stomach. After three days he died from the wound." Three others also died.

Fight French Regime

(Continued from page 1.) wide circulation. It reads as follows: The Protest. The Pro-India Committee protests energetically against the expulsion by the French government of its ambassador Nath Roy, Indian nationalist and revolutionary. It holds that a democratic government should never permit itself to carry out such a measure of persecution on the demand of the British government, against a man who is reproached only for his ardent love of his country to secure the freedom of his country.

Hounded For Opinions. M. N. Roy, one of the most powerful fighters in the Indian nationalist movement, and who has written several important works on this subject, was on the point of being expelled from Germany owing to the same reasons. The British government, which forbids him the right to live in its own territory. Were he to return to India, he would be imprisoned, perhaps executed. It is hard to believe that a man, against whom, we repeat, no charge can be brought save that of lifting his voice against the exploitation of his fellow-countrymen, a mere offense of opinion, it is hard to believe that such a man can be thus pursued across the world, from one country to another, without being able to live in one place.

In any case, if these are the brutal and inexcusable arguments that the British employers to rid herself of those who denounce her imperialism, should a government such as that of France become a partner to such wickedness? The Pro-India Committee draws the attention of public opinion to these facts, and lays before it the grave question of lifting his voice against the exploitation of his fellow-countrymen, a mere offense of opinion, it is hard to believe that such a man can be thus pursued across the world, from one country to another, without being able to live in one place.

It may perhaps be alleged that the reason for this expulsion lies in the political ideas of M. N. Roy, who is a Communist. But let us not be de-

Equality Before the Law—Two Cases

There are two news items in our issue of yesterday that call for comment.

One tells of the lynching of a Negro in North Carolina, merely suspected of an attack on a woman.

The other is the story of the legal machine set in motion in Indianapolis to free on bail Stephen, high official of the Ku Klux Klan, charged with ravishing a young girl in a particularly atrocious manner, resulting in her committing suicide by poisoning.

There is no question of the stupid prohibition of many good old English words by the postoffice authorities in a great handicap in such cases as this.

"I'm tired of listening to sun-shine talk. This pie-in-the-sky stuff. This travesty on patient toll; Let the Jesus-acreers. The open shop artists, And their like; Hook their fat necks over a flying emery wheel For... eight... long... hours; And to the beat and whir of machinery, Chant this: "I work to get money to buy... I can't get to get strong. So I can get to get money to buy... I can't get to get strong. Then, maybe, I'll understand Why the church preys are empty, And men die for unionism."
